Section 1: Introduction and application

- 1.1 This Ordinance, which shall be known as the Code of Student Behaviour ("the Code"), applies to students as defined in Statute F.IV.1.

Provided that a complaint of misconduct against a student who also has another relationship with the College, such as employee or supervisor, may be referred for consideration in accordance with such other College procedure as may be relevant if the Dean considers it more appropriate for the complaint to be so considered, although it may later be dealt with under this Code.
- 1.2 The Code's purpose is to promote appropriate behaviour by students of the College; to provide for action based on due process and fairness where it is alleged that misconduct has taken place and for the imposition of penalties where misconduct has been established; and in related respects to empower the College to secure good order and discipline within the College, the safety and welfare of all members and staff of the College and the proper functioning of the College and the work of its members and staff.
- 1.3 The Council shall publish and keep up to date a Manual ("Manual") which describes the content of this Code and related provisions in the Statutes, including the normal order of proceedings before the Student Behaviour Panel ("SBP"), in straightforward, non-technical language for the information of students, complainants and others; and regard shall be had to the Manual in interpreting and applying this Code.

- 1.4 A student, on being admitted a member of the College, assumes the obligation to behave at all times in ways that are consistent with the College as a place of education, religion, learning and research and to do nothing to impede or disrupt the work or life of the College, its members and staff.
- 1.5 A student is, in particular, expected to uphold the principles of academic freedom and freedom of speech within the law, to observe the Statutes, Ordinances, Regulations and rules of the College and University, to study diligently, to behave with civility and integrity and in ways that maintain the good name and reputation of the College and conduce to the work and life of the College as a community of scholars.
- 1.6 Every student shall co-operate fully in investigations and proceedings under this Code.
- 1.7 The College owes a duty of care to all its students and this Code seeks to strike an appropriate balance where one student alleges misconduct by another student.
- 1.8 Nothing in this Code shall be taken as abridging the powers or duty of the College to take appropriate steps of a non-disciplinary or non-punitive kind in the exercise of its pastoral responsibilities and duty of care to protect the welfare of a student where that student's relationship with another student has broken down or a conflict has arisen, whether or not a complaint of misconduct has been made and whether or not it has been reported to the police, but any action must take into account the rights and interests of any other student affected.

Section 2: Definition of misconduct

- 2.1 The following constitute misconduct under this Code:

 - (i) took place on College premises or through the College's computer system; or
 - (ii) affected or concerned other members of the College community; or
 - (iii) damages the good name of the College; or
 - (iv) itself constitutes misconduct under this Code; or
 - (v) is an offence of dishonesty wherever committed and the student holds an office of responsibility within the College; or

- (l) misconduct under section 9 of the Ordinance made under Statute F.V.1 (Regulation of Clubs and Societies) (relating to initiation ceremonies and other prohibited practices; failure to comply with penalties imposed under the Ordinance; and commission of acts of discrimination);

- (b) references to words, language or behaviour shall include written, printed and electronic expressions, publications and communications and images;
- (c) “discrimination” in paragraph (f) refers to the protected characteristics listed in section 4 of the Equality Act 2010 (namely, age, disability, gender reassignment, marriage and civil partnership, pregnancy and maternity, race, religion or belief, sex and sexual orientation), as defined in sections 5 to 12 of that Act (and as may be amended from time to time); and
- (d) other terms shall be given their ordinary or dictionary meaning and not any technical meaning found in statute or case law.

2.3 The effects of self-administered alcohol or non-prescribed drugs shall not constitute a defence to a charge of misconduct or afford a basis for mitigation of penalty.

Section 3: Complaints of misconduct

- 3.1 A report or complaint (hereinafter “complaint”) alleging misconduct by a student or students of the College, whether named or not, may be made by any person, and must include the name and contact details of the person making it.
- 3.2 A report by a member of the College staff of an incident that if proved would constitute misconduct under this Code shall be treated as a complaint.
- 3.3. A complaint shall be made, or immediately forwarded, to the Dean, who shall acknowledge its receipt as soon as possible and describe the processes that will follow.

Section 4: Investigation

- 4.1 On receiving a complaint, the Dean shall undertake, or cause to be undertaken, such inquiries and investigations as the Dean shall see fit (which may include consultation with the relevant Tutors), unless of the opinion that the complaint is frivolous, manifestly ill-founded or vexatious (in which case it shall be immediately dismissed without investigation and the complainant informed), or that the misconduct complained of constitutes an excluded offence as defined in section 18.2 below.

- 4.2 The Dean may initiate enquiries or undertake an investigation in the absence of a complaint.
- 4.3 An investigation will normally be deferred if there is a police or University investigation into the matter, but the Dean shall resume consideration of the complaint if it is decided that there will be no prosecution or University disciplinary proceedings and shall take into account the reasons for the decision not to prosecute or take disciplinary action if such reasons are available.
- 4.4 An investigation shall be terminated if at any time the Dean comes to the view that the complaint is frivolous, manifestly ill-founded or vexatious or is an excluded offence within the terms of section 18.2 below.
- 4.5 The Dean shall contact and, where appropriate, interview the complainant unless the complaint has been rejected under section 4.1 above; and at an interview with a student suspected of a non-summary offence as defined in section 6.7 below shall normally allow the student to be assisted by any member of the College or University or by a barrister, solicitor or advocate qualified in the United Kingdom.
- 4.6 The Dean shall keep a record of every interview and statement.
- 4.7 At any time, the Dean may seek to reach or promote a settlement between the complainant and the student or students alleged to have committed misconduct, with a view to resolving the matter either without recourse to formal disciplinary proceedings or otherwise and in minor matters may dispose of the matter informally with such warning or advice as the Dean judges appropriate or, with the student's consent, such arrangements as are thought appropriate.
- 4.8 At the conclusion of the investigation, the Dean may dismiss the complaint on the grounds that there is insufficient evidence to support a charge or justify further action; that it falls within any of the grounds for dismissal in sections 4.1 and 4.4 above; or that further action under the Code is in the circumstances unnecessary or inappropriate.
- 4.9 Where the Dean is satisfied that there is satisfactory medical evidence that relates to the student's behaviour, the Dean may, instead of proceeding under this Code, refer the matter to be dealt with pursuant to the Ordinance made under Statute F.IV.7.
- 4.10 Where the complaint is dismissed under section 4.1 or 4.8 above, or has been disposed of informally, the Dean shall communicate that decision, with reasons, to the complainant to any student who has been the subject of investigation under this section and to the Master. The complainant shall be informed of the right to ask the Master to review the dismissal or disposal.
- 4.11 The complainant may, within 14 days of receiving the decision and being informed under section 4.10 above, request the Master to review the Dean's dismissal or disposal of the complaint on the ground that it was not reasonable.

- 4.12 The Master may conduct that review personally or refer it to a Panel constituted under section 13.2 below.
- 4.13 If the Master or Panel sets aside the dismissal or disposal, the complaint shall proceed as if it had not been dismissed or disposed of.
- 4.14 Where a complaint has not been dismissed or disposed of informally, no charge shall be preferred against a student without that student being informed of the results of the investigation and given an opportunity to make representations.
- 4.15 Where the Dean concludes (whether following an investigation or otherwise) that there is insufficient evidence to prefer a charge but the evidence does support a finding that on the balance of probabilities misconduct by a student or students of the College who cannot be identified has taken place, a report to that effect, with reasons, shall be submitted to the Master who may issue a formal announcement of the Dean's finding.
- 4.16 The Dean may at any point decide that, either instead of or in addition to further action under this Code, action should be taken under the Ordinance on the regulation of clubs and societies made pursuant to Statute F.V.1.

Section 5: Interim precautionary measures

- 5.1 A student who is the subject of a complaint or investigation or criminal or disciplinary proceedings (including proceedings by the University) or is under investigation by the police may have one or more of the measures described below applied by the Dean pending the resolution of the matter, and in considering the matter the Dean shall have regard to any representations made by the complainant or person said to be the victim.
- 5.2 Such measures may not be applied for punitive purposes and every effort shall be made to minimise the prejudice caused to the student.
- 5.3 Any measure applied must be reasonable and proportionate in all the circumstances and applied only to the extent necessary for the purposes of good order and discipline or to protect the health, safety or welfare of members and staff of the College; and shall be promptly reviewed following any developments; and where the student is subject to bail conditions imposed by the police or a court, those conditions shall be taken into account and shall not be duplicated.
- 5.4 The measures available are set out in sections 5.5 and 5.6 below and shall not be imposed, except in cases of urgency, unless the student has been given the opportunity to make representations either orally or in writing as the student prefers; and in an urgent case where the measure has been imposed, the opportunity to make representations must be provided as soon as possible thereafter.
- 5.5 Exclusion: The student may be excluded from such College property, premises, facilities or activities and on such terms and conditions as shall be prescribed.

- 5.6: Restrictions and conditions: Restrictions and conditions may be imposed on the student's actions and activities and these shall be clearly specified.
- 5.7 A student subject to exclusion may apply within seven days and thereafter every three months for the measure to be reviewed by a Panel convened under section 13.2 below and shall be entitled to submit written representations.
- 5.8 Any measures applied under this section shall lapse automatically 14 days after the conclusion of the proceedings or investigation referred to in section 5.1 above unless already cancelled.

Section 6: Charge

- 6.1 Charging is the formal act where the Dean states in writing that the student has a case to answer for an offence of misconduct and is to face disciplinary proceedings in accordance with this Code; and references to "the charge" are to that written statement setting out the offence and related matters.
- 6.2 A "hearing" for the purposes of this Code includes any formal consideration of a question arising under the Code by the prescribed decision-maker or adjudicating body whether or not other persons are present.
- 6.3 Subject to sections 4.8, 4.9 and 4.16 above and section 6.4 below, a formal charge shall be preferred where the Dean concludes that there is a case of misconduct to answer.
- 6.4 Subject to section 18.4 below, no charge shall be preferred where the misconduct in question amounts, in the opinion of the Dean, to an excluded offence within the meaning of section 18.2 below.
- 6.5 The charge shall set out the offence or offences of misconduct together with brief particulars of the behaviour that has given rise to the charge.
- 6.6 The charge shall also indicate whether the misconduct constitutes a summary or a non-summary offence and the procedure that will be followed in each case.
- 6.7 A "summary offence" is any alleged misconduct for which, in the Dean's opinion, the penalties listed in section 11.1 are adequate; "summary jurisdiction" and "summary proceedings" refer to the hearing or disposal of any such offence whether by the Dean or the Student Behaviour Panel ("SBP"); and all other cases shall be termed "non-summary".
- 6.8 A summary offence will be subject to summary jurisdiction and hearing by either the Dean or the SBP, as prescribed in section 10 below, and all other offences shall be referred to and heard by the SBP under section 14 below.
- 6.9 As soon as possible after the charge has been preferred, the Dean will make available to the student all the evidence that will be considered

at the hearing, as well as any relevant material collected during the investigation which it is not intended to adduce or rely upon.

- 6.10 No later than 3 days after receipt of the material specified in section 6.9 above in a summary offence, the student shall inform the Dean whether responsibility for the misconduct is accepted and whether the student accepts jurisdiction by the Dean or requires the case to be heard by the SBP; and in the absence of a response the Dean shall proceed on the basis that the student has accepted responsibility and consented to the Dean's jurisdiction.
- 6.11 Any written or other material which the student wishes to introduce at the hearing, and the names of any witnesses, shall be provided to the Dean at least five days before the hearing or, if that is not possible, as soon as available.

Section 7: Evidence and proof

- 7.1 The English law of evidence shall not apply to proceedings under this Code.
- 7.2 The written statement of a witness unable or unwilling to attend in person may be admitted in evidence, but shall be treated with caution insofar as it contains material disputed by the other side.
- 7.3 The burden of proving misconduct before the Student Behaviour Panel shall rest on the Dean.
- 7.4 A student's failure to give a timely explanation to the Dean or any Panel shall not in the absence of other incriminating evidence be sufficient to justify a finding of responsibility, but such adverse inferences as are reasonable and appropriate in the circumstances may be drawn.
- 7.5 The Dean or Panel shall find a student responsible only if satisfied on the evidence on the balance of probabilities, the cogency of the evidence relied upon being commensurate with the seriousness of the misconduct charged.
- 7.6 The Dean or Panel may find a student responsible for an offence of misconduct other than the one with which the student was charged, provided that all its elements are contained in the offence charged.
- 7.7 Where a charge or charges are dismissed and the student or students found not responsible, the Panel may, where the evidence, on the balance of probabilities, supports it, issue a declaration that misconduct by an unidentified student or students of the College did take place.

Section 8: Further duties of the Dean

- 8.1 All references in this Code to the Dean shall include such other person as, in the absence of the Dean or in the event of the Dean's inability to act, has been appointed by the Master to exercise the duties and powers of the Dean.

- 8.2 The Dean shall keep the complainant informed of the progress of the complaint and of its outcome with such explanation as is reasonable in the circumstances.
- 8.3 The Dean shall submit an annual report to the Council describing, with relevant statistics, any action taken under the Code, but without identifying individuals by name, and any amendments or improvements to the Code which the Dean recommends.

Section 9: Breach of Regulations

- 9.1 Offences under section 2.1(m) above (breach of Regulation) shall be handled in accordance with the provisions set out in this section provided that the misconduct alleged is not actuated by, or that may have been associated with, any characteristic of the person said to be the victim as specified in section 2.2(c).
- 9.2 On receiving a report or complaint which is not dismissed in accordance with section 4.1 above and which the Dean believes alleges a breach of Regulation, the Dean shall decide, having made such inquiries as are deemed necessary and normally following consultation with the student's Tutor, whether it should be dealt with under the procedure set out in this section or as a summary or non-summary offence under other provisions of this Code.
- 9.3 An alleged breach of Regulation will normally be dealt with under this section unless the Dean is of the opinion that the circumstances are such that it should be dealt with as a summary or non-summary offence. Sections 4.1, 4.5, 4.6, 4.14, 4.15 and section 6 of this Ordinance shall not apply to proceedings under this section.
- 9.4 In deciding on the appropriate course of action under section 9.3 above, the Dean shall have regard to all the circumstances, including the student's past conduct, and the different penalties available under this Code.
- 9.5 Misconduct that constitutes a breach of Regulation may be treated as such by the Dean even if its facts also amount to another offence under section 2.1 above.
- 9.6 On deciding that the appropriate course of action is to deal with the matter under this section, the Dean shall inform the student of the substance of the complaint, invite any written representations and indicate that, subject to any such representations, the Dean is minded to impose a penalty in accordance with section 9.7 below.
- 9.7 The penalties that may be imposed by the Dean under this section are the penalties provided for summary offences in section 11 below subject to the following modifications:
 - (a) In section 11.1(a), the maximum period specified shall be one year;
 - (b) In section 11.1(b), the maximum fine shall be £75;
 - (c) In section 11.1(e), the maximum sum shall be £250;

- (d) In section 11.1(f), the maximum period shall not extend beyond the end of the Term following the imposition of the sanction; and
 - (e) Section 11.1(d) shall not apply.
- 9.8 A student may appeal against the Dean's finding of responsibility or penalty against them to the Student Behaviour Appeal Panel ("SBAP") by giving notice to the Dean within 14 days of receiving the Dean's decision.
 - 9.9 The SBAP shall normally consider the appeal without an oral hearing on the basis of written representations, but may in its discretion hold an oral hearing at which the student and the Dean shall be entitled to appear and make submissions.
 - 9.10 The SBAP may dismiss the appeal; and if it allows any part of the appeal may quash the Dean's finding or vary the penalty or substitute another penalty under section 9.7 as appropriate.

Section 10: Summary jurisdiction

- 10.1 This section applies to summary offences as defined in section 6.7 above.
- 10.2 Any alleged misconduct actuated by, or that may have been associated with, any characteristic of the person said to be the victim as specified in section 2.2(c) above shall not be treated as a summary offence.
- 10.3 Summary disposal by the Dean may be exercised only if the student has accepted responsibility or has agreed to summary disposal by the Dean; and all other summary cases shall be referred for hearing by the SBP, convened under section 13.2 below, exercising summary jurisdiction and limited in the penalties it can impose to those listed in section 11.1 below (although a Panel may in its written decision express the view that a penalty under section 15 below would have been more appropriate and may indicate what that penalty would have been).
- 10.4 Summary disposal by the Dean shall take the form of a hearing by the Dean at which the student who has been charged and is present in accordance with section 10.5 or 10.6 below may be assisted or represented by a member of the College, is to have been apprised of the evidence and given an adequate opportunity to present any defence or mitigation, to cross-examine witnesses and call evidence as may, in the opinion of the Dean, be appropriate.
- 10.5 A student who admits responsibility shall not be present at the hearing unless the Dean is of the opinion that the student's presence is necessary for the proper disposal of the case or the student asks to be present in order to present mitigation.
- 10.6 A student who does not accept responsibility but has consented to disposal by the Dean shall be present only where the student asks to be present or the Dean is of the opinion that the student's presence is necessary for the proper disposal of the case.

Section 11: Penalties in summary cases

- 11.1 One or more of the following penalties may be imposed the Dean or by the SBP where a student has accepted responsibility or been found responsible in summary proceedings:
- (a) reprimand and warning to be placed on the student's file for such period up to two years as shall be specified;
 - (b) a fine of up to £150;
 - (c) a requirement to make a formal apology, either in writing or orally, to the complainant or any other person or persons affected by the misconduct in such terms as may be prescribed and if so ordered subject to the approval of the Dean or Panel as the case may be;
 - (d) attendance at a relevant training session or course;
 - (e) payment of compensation in respect of damage to property or physical injury to the person up to a maximum of £1000; and
 - (f) exclusion from prescribed College facilities or activities, other than lectures, supervisions, classes, seminars and similar academic activities, for up to three terms.
- 11.2 An award of compensation under section 11.1(e) above shall be separate from the obligation to pay in full for any damage caused to College property, including the costs of cleaning, redecoration, repair or replacement.
- 11.3 Sections 15.5-15.7 below shall apply to financial penalties under this section.

Section 12: Appeals in summary cases

- 12.1 A student may appeal under this section against a decision of the Dean or the SBP in summary cases to the SBAP by giving notice of appeal to the Dean within 14 days of receiving the Dean's or SBP's report.
- 12.2 An appeal under section 12.1 above where the student did not accept responsibility but was found responsible may be on one or both of the following grounds:
- (a) that there was some irregularity or procedural unfairness at the hearing or during the investigation such as to render the finding unsafe;
 - (b) that the evidence did not support the finding reached;
- but an appeal under para. (b) shall lie only where the finding of responsibility was made by the Dean.
- 12.3 A student may appeal under section 12.1 above to the SBAP on the ground that the penalty imposed by the Dean or the SBP was too severe.
- 12.4 The SBAP shall normally consider the appeal without an oral hearing on the basis of written representations, but may in its discretion hold

an oral hearing at which the student and Dean may appear and make submissions.

- 12.5 On an appeal under section 12.2 above, the SBAP shall confirm or quash the finding of misconduct and, if quashing the finding, may –
- (a) direct a fresh hearing, which shall take place before the SBP even if the original finding was made by the Dean;
 - (b) substitute such other finding of misconduct as is justified; or
 - (c) direct that no further action be taken, with or without a declaration as described in section 7.7 above (misconduct by unidentified students).
- 12.6 On an appeal against penalty under section 12.3 above, the SBAP shall confirm the penalty or substitute such other penalty or penalties under section 11.1 as it sees fit, provided that the substituted penalties are not in the opinion of the SBAP in aggregate more severe than the penalty originally imposed.

Section 13: Composition of hearing and appeal panels

- 13.1 The Governing Body shall compile a list (the “Fellows List”) of at least 18 Fellows who are not members of Council or Tutors, such List to be reviewed and updated at least once in each academic year.
- 13.2 The Master may elect to chair the SBP, but if the Master chooses not to do so, the chair will be taken by the President or, if the President is unable to serve, by the most senior Fellow on the Fellows List who is available to serve.
- 13.3 The SBP shall consist in total of three members, except that a hearing once begun may proceed if one member is unable to continue, but the presiding member of a two-member panel may at any time adjourn the proceedings to begin afresh before a full panel.
- 13.4 The presiding member shall select the other members of the SBP from the Fellows List by lot, ensuring that wherever possible at least one member is a former Tutor or current or former Director of Studies.
- 13.5 The SBAP shall consist in total of five members, including the Master, who shall chair the Panel, unless the Master served on the SBP or is otherwise unable to serve, in which case it shall be chaired by the President or (if the President is unable to serve) by the most senior Fellow on the Fellows List who is available, together with other Fellows drawn from the Fellows List by the presiding member as in section 13.4 above; but an appeal once begun may continue if a member or members is or are unable to serve provided that at least three members remain.
- 13.6 Notwithstanding section 13.5 above, a hearing or appeal panel may if the Master deems it expedient be chaired by an Honorary Fellow or alumnus of the College with appropriate judicial or legal experience selected by the Master, and an appeal panel shall be so chaired where the penalty imposed was expulsion.

- 13.7 The following shall not serve on a Panel:
- (a) any person who has had any prior involvement in the case;
 - (b) a person who is or has been the student's or complainant's Tutor;
 - (c) any person who has some other close relationship with either the student or the complainant;
 - (d) any person in respect of whom there is a real risk of actual or perceived bias;
- and it shall be for the presiding member of the Panel to determine if any person shall be excluded on any of the above grounds.

Section 14: Hearings by Panels

- 14.1 Any case that is not dealt with by the Dean under the summary jurisdiction procedure or otherwise disposed of shall be referred for hearing by the Student Behaviour Panel.
- 14.2 A Panel shall, subject to the requirement in Statute F.IV.3 to act impartially and fairly, have the power to determine its own procedure, to call such evidence and direct such enquiries as it sees fit, to control and regulate proceedings, and to seek independent legal advice.
- 14.3 All hearings and appeals shall take place in private, but where the complainant is a member of another College and the alleged misconduct is a non-summary offence, the Master may invite the Head of the complainant's College to nominate one of that College's Fellows or Honorary Fellows to observe the proceedings.
- 14.4 The College may arrange for a clerk to be present at hearings of a Panel; and the Panel shall ensure that a record of the proceedings is kept.
- 14.5 At any hearing or appeal by a Panel in a summary matter, a student may be assisted or represented by any member of the College or University and in a non-summary matter by the same or a barrister, solicitor or advocate qualified in the United Kingdom; and the Dean may nominate a member of the College or University to present the case and, where the student is represented by a qualified member of the legal profession as stipulated in this section, may likewise nominate such a lawyer.
- 14.6 A hearing may take place or continue in the student's absence if the student charged with misconduct fails without reasonable excuse to attend or has been excluded on account of disorderly behaviour at the hearing.
- 14.7 Charges against two or more students arising out of the same incident or event may be heard at the same time if the Panel so directs.
- 14.8 Panels shall reach their decisions by majority vote, except that a two-member Panel (under section 13.3 above) which is unable to agree shall adjourn the proceedings to be re-heard before a differently constituted

three-member Panel unless both members agree that no further action should be taken and a finding of not responsible should be recorded.

- 14.9 A fully reasoned decision shall be issued as soon as possible following every hearing and appeal, including the reasons for the penalty imposed.

Section 15: Penalties in non-summary cases

- 15.1 The Panel shall impose one or more of the following penalties where a student is found responsible for a non-summary offence of misconduct:

- (a) a reprimand and warning which shall be placed on the student's file and remain for such period as may be specified not exceeding five years;
- (b) a fine not exceeding £500;
- (c) a requirement to apologise as set out in section 11.1(c) above;
- (d) attendance at a relevant training session or course;
- (e) payment of compensation in respect of damage to property or physical injury to the person with no limit as to the maximum that may be awarded;
- (f) removal of a scholarship or exhibition;
- (g) dismissal or suspension from any College post or office;
- (h) loss of the right to occupy College accommodation for such period as shall be specified;
- (i) disqualification from holding office, including committee membership, in any College organisation, club or society for such period as shall be specified;
- (j) exclusion as defined in section 11.1(f) above either for such period as shall be prescribed or permanently;
- (k) suspension, as defined in section 15.2 below, for a prescribed period which may be for the remainder of the current academic year or for the whole of the following academic year or for a combination of the two or for such shorter period as may be prescribed; and
- (l) expulsion, which shall extinguish all the rights and privileges of a student, cancel the student's status as a student and registration for any degree or other award of the University and revoke the student's membership of the College.

- 15.2 Suspension shall require the student to go out of residence and prohibits the student from any attendance at or entry into any College or University premises for any purpose whatsoever, subject to any exceptions or qualifications which may be prescribed either at the time the penalty is imposed or subsequently.

- 15.3 In determining the penalty, the Panel shall have regard to all relevant factors, including the student's previous disciplinary record and

conduct since the complaint was made, whether the offence was admitted and the impact of the misconduct on the complainant or other victim.

- 15.4 The provisions of section 11.2 above shall apply to this section.
- 15.5 Regard shall be had to the student's means in determining the appropriate amount of any substantial financial penalty.
- 15.6 The fines and awards of compensation set out in sections 11.1(b) and (e) and 15.1(b) and (e) may be adjusted from time to time by the Governing Body on the recommendation of the Dean.
- 15.7 All revenue from fines shall be credited to the Sizars' Fund (the College's students' hardship fund).

Section 16: Appeals in non-summary cases

- 16.1 A student dealt with for misconduct by the SBP in a non-summary case may within 14 days of receiving the SBP's report give to the Dean notice of appeal to the SBAP on one or more of the following grounds:
 - (a) that there was irregularity or procedural unfairness at the hearing or during the investigation such as to render the finding unsafe;
 - (b) that the evidence did not support the finding reached;
 - (c) that the facts as found did not amount to misconduct under the Code;
 - (d) that the penalty imposed was too severe;

but an appeal on grounds (a) to (c) shall be possible only where the student did not accept responsibility for the misconduct and was found responsible by the SBP.
- 16.2 The SBAP may dismiss the appeal or, if it allows the appeal in whole or in part, shall have the following powers:
 - (a) quash the finding of misconduct;
 - (b) where the finding is quashed, it may direct that no further action be taken, with or without a declaration as described in section 7.7 above (misconduct by unidentified students), substitute a different finding of misconduct, or direct a new hearing before a differently constituted SBP;
 - (c) confirm the penalty or substitute such other penalty or penalties as it sees fit provided that the new penalties are not in the SBAP's opinion in aggregate more severe than that originally imposed; and
 - (d) where the Panel is of the view that the penalty imposed was too lenient, it may pronounce the penalty that in its view would have been appropriate, but that penalty shall not be applied to the appellant.
- 16.3 Appeals shall not take the form of a re-hearing of the original hearing with witnesses and evidence, but the SBAP shall consider submissions

on the points on which challenges are made and may exceptionally agree to hear or decide to call a witness from the original hearing.

- 16.4 Fresh evidence will normally be admitted only if it was not reasonably possible to have presented it before the SBP.
- 16.5 The burden is on the appellant to satisfy the SBAP that the appeal should be allowed.
- 16.6 The SBAP shall hear from both the Dean and the appellant or the appellant's representative and both shall be entitled to be present throughout the hearing.
- 16.7 If the appellant fails without reasonable excuse to attend the appeal hearing, the SBAP may either dismiss the appeal forthwith or proceed with the hearing in the appellant's absence.
- 16.8
 - (a) The Dean may, in the absence of an appeal against penalty by the student, refer a penalty to the SBAP on the ground that it is unduly lenient, and the Panel shall have the power set out in section 16.2(d) above.
 - (b) The Dean may, where the SBP has declined to declare that misconduct has been committed by unidentified students of the College in accordance with section 7.7 above, refer the refusal to the SBAP which shall either dismiss the referral or make the declaration sought.

Section 17: Related criminal and University proceedings

- 17.1 Action under this Code, except under section 5 above, shall normally be deferred or adjourned where the alleged misconduct is subject to investigation or consideration by the police, the prosecuting authorities or the criminal courts, or a criminal trial is pending or imminent.
- 17.2 A student who has been convicted in a criminal court may be subject to disciplinary action under this Code in respect of substantially the same conduct, but such action shall be taken only if in the opinion of the Master the interests of the College or its members or staff demand it.
- 17.3 Where disciplinary action under section 17.2 is taken, the conviction shall be taken as irrebuttable proof that the student committed the act or acts in question and any penalty imposed shall take into account the sentence imposed by the court.
- 17.4
 - (a) The Council, on being informed that a student has been sentenced by a court to an immediate term of imprisonment of 12 months or more shall, as soon as possible and wherever practicable, invite the student, or anyone authorised to act on behalf of the student, to make written representations regarding the termination of that student's membership of the College.
 - (b) The membership of the College of a student so sentenced shall normally be terminated by the Council, but the Council may, in the

light of any representations received or otherwise, resolve not to terminate the student's membership of the College.

- (c) Where the student's membership is not terminated, the Council may direct the Dean to prefer a charge of misconduct for hearing by the SBP, notwithstanding section 17.2 above.
 - (d) A student whose membership is terminated in accordance with this section shall be treated as having been expelled for misconduct under this Code.
 - (e) No right of appeal arises following termination under paragraph (c) above.
 - (f) If the sentence of imprisonment referred to in paragraph (a) above is subsequently reduced on appeal to a period of less than 12 months or the conviction is quashed, any decision to terminate under paragraph (b) above shall be rescinded and the student may be dealt with in accordance with section 17.2 or 17.5 as appropriate.
- 17.5 Where a student has been acquitted in a criminal court, disciplinary action under this Code shall not be taken in respect of substantially the same conduct.
- 17.6 The above provisions of this section shall apply in like manner to disciplinary proceedings of the University.
- 17.7 A student who has been –
- (a) arrested and either remanded in custody or released on bail; or
 - (b) convicted of, charged with or summonsed for a criminal offence,
- shall as soon as practicable report the fact, together with explanatory details, to his or her Tutor, who shall promptly pass the information to the Dean.

Section 18: Excluded offences

- 18.1 This section is made pursuant to Statute F.IV.5(c).
- 18.2 An excluded offence for the purposes of this Code is any offence of misconduct within section 2 above which falls within one of the following categories:
- (a) amounts to an offence which is triable only on indictment;
 - (b) amounts to a criminal offence which is designed to facilitate or lead to an offence against the person (including a sexual offence) which is triable only on indictment;
 - (c) amounts to a criminal offence contrary to section 3 of the Sexual Offences Act 2003, unless the Dean is satisfied of the following:
 - (i) that there are no aggravating features;
 - (ii) that the case if prosecuted in the criminal courts would be regarded as suitable for summary trial in the magistrates' court and on conviction would be unlikely to result in a custodial sentence; and

- (iii) that the complaint is in all the circumstances appropriate to be handled under this Code and would not exceed the resources, powers or capacity of the College;
 - (d) amounts to any other criminal offence punishable by imprisonment where the Dean, having regard to all the circumstances and in particular to the seriousness, difficulty or complexity of the matter, at any stage reasonably considers that the investigation or hearing of the alleged offence would exceed the resources, powers or capacity of the College such that justice could not be done; or
 - (e) constitutes any misconduct which by agreement or otherwise the College has yielded to the exclusive or primary jurisdiction of the University.
- 18.3 Subject to section 18.6 below, it shall be for the Dean, having taken such legal advice as is deemed appropriate, to determine whether any alleged misconduct constitutes an excluded offence; and alleged misconduct which appears to the Dean to amount to a criminal offence triable only on indictment shall be so treated, and any lesser offence or offences included within that offence shall not be pursued under this Code as an alternative to the excluded offence.
- 18.4 A complaint of misconduct within the terms of section 18.2 above shall not be pursued under this Code unless there has first been a conviction for that offence in a criminal court or University proceedings, as the case may be, or the student against whom the complaint has been made accepts full responsibility and does not substantially dispute the facts alleged.
- 18.5 Where a complaint cannot be pursued because of section 18.4 above, the complainant shall be advised by the Dean or other appropriate person of the other options available for pursuing the matter.
- 18.6 A complainant may appeal to the SBAP against the Dean's determination that the complaint involves an excluded offence by giving notice to the Dean within 14 days, and the SBAP shall either confirm the Dean's determination or declare that the complaint does not fall within section 18.2 above.

Ordinance under Statute F.IV.6: Discipline of members of the College *in statu pupillari*

In force 29 September 2018

Scope and Purpose

1. This Ordinance applies to all student members of the College as defined in Statute F.IV.1.
2. Students of the College shall apply themselves diligently to their studies and shall not engage in any unfair practice in connection with the assessment of their work or the work of another student.
3. Students who do not apply themselves diligently to their studies or who engage in any unfair practice may be subject to proceedings under this Ordinance.
4. Conduct that may result in proceedings under this Ordinance includes but is not limited to:
 - (a) failure to attend supervisions or any compulsory aspect of University teaching or supervision without reasonable cause;
 - (b) incivility to any member of the academic staff of the College or the University;
 - (c) plagiarism in work submitted for supervisions;
 - (d) plagiarism in work submitted to University faculties or departments as part of an academic course of study;
 - (e) obtaining or attempting to obtain an unfair advantage in a University or College examination or other assessment;
 - (f) breach of any Regulation made by Council which concerns the academic conduct of students.

'Plagiarism' in this Ordinance means submitting as one's own work, irrespective of intent to deceive, that which derives in part or in its entirety from the work of others without due acknowledgement.

'Unfair practice' or 'unfair advantage' in this Ordinance shall include, but is not limited to, possession of any unauthorised material or device in a University or College examination.

Complaints and Investigation

5. Complaints that a student has acted in a way that may result in proceedings under this Ordinance shall be made to the Senior Tutor.
6. On receipt of a complaint the Senior Tutor shall investigate the complaint as she or he sees fit unless or until the Senior Tutor forms the opinion that the complaint is frivolous, manifestly ill-founded or vexatious (in which case it shall be immediately dismissed without investigation and the complainant informed). Investigation of the complaint shall usually include an interview with the student who is the subject of the complaint. The Senior Tutor shall keep a record of all

investigations and interviews undertaken and shall act with fairness and impartiality at all times.

7. If the Senior Tutor is unable to act in a particular case, e.g., because of a conflict of interest, then the Master shall nominate another Fellow to act in place of the Senior Tutor and all references in this Ordinance to the Senior Tutor shall be taken to refer to the person nominated.
8. If the Senior Tutor is not satisfied following the investigation that a student is responsible for conduct that should result in proceedings under this Ordinance the Senior Tutor shall notify the student of this fact as soon as is practicable after reaching this conclusion.
9. If the Senior Tutor is satisfied following the investigation that a student is responsible for conduct that may amount to proceedings under this Ordinance but medical evidence relating to the student's behaviour makes the case more suitable to be dealt with under fitness to study provisions, then Senior Tutor may, instead of proceeding under this Ordinance, refer the matter to be dealt with pursuant to the Ordinance made under Statute F.IV.7.

Minor Matters

10. If the Senior Tutor is satisfied following the investigation that a student is responsible for conduct that should result in proceedings under this Ordinance but is of the opinion that the conduct is minor in its nature then the Senior Tutor may impose one or more of the following penalties:
 - (a) reprimand and warning to be placed on the student's file;
 - (b) a fine of up to £150;
 - (c) a requirement to make a formal apology, either in writing or orally, to the complainant or any other person or persons affected by the misconduct in such terms as may be prescribed by the Senior Tutor;
 - (d) attendance at a relevant training session or course;
 - (e) exclusion from prescribed College facilities or activities, other than lectures, supervisions, classes, seminars and similar academic activities, for up to eight weeks.
11. The Senior Tutor shall notify the student of a decision under paragraph 10 no later than two working days after the decision is taken
12. A student who wishes to appeal against a decision of the Senior Tutor shall give notice of this fact within 14 days of being notified of the imposition of a penalty under paragraph 10 by requesting that the Senior Tutor refer the case to a Student Behaviour Appeal Panel (SBAP) constituted in accordance with section 13 of the Ordinance under Statute F.IV.2 and acting in accordance with the provisions of paragraphs 19, 20, 22, 23 and 35 of this Ordinance for which purpose

all references to an 'SBP' in those paragraphs shall be taken to refer to an SBAP. The decision of the SBAP under this paragraph shall be final.

13. The Senior Tutor shall refer the matter to an SBAP as soon as is practicable after receiving a request under paragraph 12.
14. A student may appeal to an SBAP on one or more of the following grounds:
 - (a) that there was irregularity or unfairness in the investigation such as to render the finding unsafe;
 - (b) that the evidence did not support the finding reached;
 - (c) that the facts as found did not amount to conduct that can be subject to proceedings under this Ordinance;
 - (d) that the penalty imposed was too severe.
15. An SBAP may dismiss an appeal or, if it allows the appeal in whole or in part, shall have the power to:
 - (a) quash the decision of the Senior Tutor under paragraph 10;
 - (b) confirm the penalty imposed under paragraph 10 or substitute another penalty mentioned in that paragraph.
16. The SBAP shall consider submissions from the student and the Senior Tutor on the points on which challenges are made and may exceptionally conduct an interview with the student who is subject to proceedings under this Ordinance. Any such student may be assisted or represented at an interview by any member of the College or University or a barrister, solicitor or advocate qualified in the United Kingdom; and the Senior Tutor may nominate a member of the College or University to present the case and, where the student is represented by a qualified member of the legal profession as stipulated in this paragraph, may likewise nominate such a lawyer.
17. The SBAP shall act in accordance with the provisions of paragraphs 19, 20, 22 and 23 of this Ordinance for which purpose all references to an SBP in those paragraphs shall be taken to refer to an SBAP.

Non-Minor Matters

18. If the Senior Tutor is satisfied following the investigation that a student is responsible for conduct that should result in proceedings under this Ordinance and that the conduct is not minor in its nature then the Senior Tutor shall refer the matter to a Student Behaviour Panel (SBP) constituted in accordance with the provisions of section 13 of the Ordinance under Statute F.IV.2.
19. An SBP acting under this Ordinance shall be subject to the provisions of section 14.2 of the Ordinance under Statute F.IV.2, to act impartially and fairly, have the power to determine its own procedure, to call such evidence and direct such enquiries as it sees fit, to control and regulate proceedings, and to seek independent legal advice. The student shall have the right to make written representations to the SBP.

20. All proceedings of an SBP shall take place in private and the panel shall ensure that a record of the proceedings is kept. For the purpose of record keeping the College may arrange for a clerk to be present at hearings of a Panel.
21. An SBP shall, unless the student declines to attend, conduct an interview with students who are subject to proceedings under this Ordinance. Any such student may be assisted or represented by any member of the College or University or a barrister, solicitor or advocate qualified in the United Kingdom; and the Senior Tutor may nominate a member of the College or University to present the case and, where the student is represented by a qualified member of the legal profession as stipulated in this paragraph, may likewise nominate such a lawyer.
22. If a student fails to attend an interview without reasonable excuse the SBP may continue its investigations and reach a conclusion.
23. The Chair of the panel shall inform the student of their decisions as soon as is practicable after a decision has been taken
24. A Student Behaviour Panel deciding a case under paragraph 17 of this Ordinance may dismiss the case or, if it finds a student responsible for conduct cited in paragraph 2 of this Ordinance shall have the power to impose any penalty set out in section 15.1 (a)–(d) and (f)–(l) of the Ordinance under Statute F.IV.2. Other matters specified in section 15 of that Ordinance that are relevant to the imposition of these sanctions shall also apply for the purpose of the Ordinance. For the purposes of the penalty set out section 15.1 (c) of the Ordinance, reference to the Dean in section 11.1 of the Ordinance under Statute F.IV.2 shall be taken as referring to the Senior Tutor for the purpose of this Ordinance.
25. A student may appeal against the decision of an SBP by giving notice to the Chair of the SBP of their intention to do so within 14 days of having been notified of a finding of responsibility under paragraph 24. On receiving such a notification the Chair of the SBP shall refer the matter to an SBAP constituted in accordance with the provisions of section 13 of the Ordinance under Statute F.IV.2.
26. The grounds of appeal from the decision of an SBP shall be those set out in paragraph 14.
27. The powers of an SBAP hearing an appeal from the SBP shall be those set out in paragraph 15 of this Ordinance save that the references in paragraph 15 (a) and (b) to 'The Senior Tutor' and 'paragraph 10' shall be read as referring to the 'SBP' and 'paragraph 24' respectively. The SBAP shall act in accordance with the provisions of paragraphs 16, 19, 20, 22, 23 of this Ordinance for which purpose all references to an SBP in those paragraphs shall be taken to refer to an SBAP.
28. Where an SBAP hears an appeal from the decision of an SBP, submissions to the panel may be made by the student or a representative falling within paragraph 21 of this Ordinance and the Senior Tutor or a representative. Where a student is interviewed by an SBAP the provisions of paragraphs 21 concerning the student's

representation and paragraph 22 shall further apply to the proceedings of the SBAP.

29. The Chair of the SBAP shall inform the student of its decision as soon as is practicable after a decision has been taken.

Failure in University Examinations

30. A student shall not be permitted to return to residence after failure in a University examination. Failure includes outright failure in an examination and failure to obtain Honours in a classed examination. Refusal or inability to take an examination shall also be regarded as a failure.
31. Paragraph 30 of this Ordinance shall not apply to failure in a Second MB examination taken by a preclinical medical student or to the failure of any student in a University Preliminary Examination.
32. The rule in paragraph 30 is subject to any allowance granted to a student by the University in respect of University Examinations.

Failure in a University Preliminary Examination or a College Examination

33. Where a student fails a University Preliminary or College examination the Senior Tutor shall decide whether there is a clear case for granting the student permission to return to residence to continue studies. The Senior Tutor shall consult the student's Tutor and Director(s) of Studies and shall take into account all of the relevant factors and circumstances of the case. The Senior Tutor shall grant the student permission to continue studying if satisfied that there is a clear case for doing so.
34. If the Senior Tutor feels that the evidence and circumstances of the case do not make a clear case for granting of permission to continue studies the case shall be referred to an SBP constituted in accordance with section 13 of the Ordinance under Statute F.IV.2 and subject to the rules in paragraphs 19, 20 and 23 of this Ordinance.
35. The SBP shall, save in exceptional circumstances, conduct an interview with the student who is subject to proceedings under paragraph 34 of this Ordinance. Any such student may be assisted or represented by any member of the College or University or a barrister, solicitor or advocate qualified in the United Kingdom; and the Senior Tutor may nominate a member of the College or University to present the case and, where the student is represented by a qualified member of the legal profession as stipulated in this paragraph, may likewise nominate such a lawyer. If a student fails to attend an interview without reasonable excuse the SBP may continue its investigations and reach a conclusion.
36. The SBP acting under paragraph 34 of this Ordinance shall decide whether to:

- (a) grant the student permission to return to residence and continue studies;
 - (b) set such conditions on a return to studies as the Panel thinks appropriate e.g. passing a progress examination;
 - (c) not grant permission to return into residence in which case the student shall cease to be a student of the College or University.
37. Where the SBP does not grant permission to return to residence under paragraph 36(c) of this Ordinance the student shall have the right to request that the case be reconsidered by an SBAP. A request under this paragraph shall be made in writing to the Chair of the SBP within 14 days of the decision of the Panel.
38. The SBAP acting on a request for reconsideration under paragraph 37 shall be constituted in accordance with section 13 of the Ordinance under Statute F.IV.2 and shall decide which of the measures set out in paragraph 36(a)–(c) of this Ordinance should be imposed in the case. The SBAP shall act in accordance with the provisions of paragraphs 19, 20, 22, 23 and 35 of this Ordinance for which purpose all references to an SBP in those paragraphs shall be taken to refer to an SBAP. The decision of the SBAP under this paragraph shall be final.

2. Purpose and Scope

Introduction

2.1 Whilst at University, all students should be able to study and perform to the best of their ability in a safe and comfortable environment. The reality of College and University life means that students not only work but also live in close proximity to each other, and whilst many students find studying and living in such an environment easy and enjoyable, others can find it more challenging.

The term "capability to study" as used in this document relates to the entire student experience, and not just a student's ability to engage with their studies. For example, unless it is informed otherwise, the College expects its students to be able to live in harmony with others, and not conduct themselves in a way which has an adverse impact on those around them. This procedure is not designed to address academic performance issues (which should be dealt with under the normal academic assessment and monitoring procedures) except where poor academic performance is resulting from a capability to study issue.

This procedure sets out the steps that will be taken by the College when there is concern that a student's behaviour or health is adversely impacting upon the welfare or academic progress of the student, or of others within the Collegiate University community, or has the potential to do so. The College has a duty of care to its community and is bound by health and safety legislation and equality legislation, which means that it is obliged to take action if a student presents a risk to themselves or to others.

The level of risk to himself /herself, other students or others posed by a student will be measured by the use of a risk assessment process, which should be used throughout the procedure to provide a consistent means of assessing the risk to the student, other individuals and the institution. This process will be led by the Senior Tutor in close collaboration with health professionals. Even when no risk is involved, the fact that a student has a problem does not in itself justify or excuse inappropriate behaviour.

- 2.2 Where an alleged breach of the College's rules of behaviour is likely to have been caused by an underlying health condition, this procedure should be initiated.
- 2.3 All students should be encouraged to engage fully with their studies. Students should be informed about how to access relevant academic skills support, pastoral support and, for students with disabilities, how to ask for reasonable adjustments that will be offered and put in place unless declined by the student.
- 2.4 Where concerns regarding the student's behaviour or health remain after the actions in Regulation 2.3 have been taken, this procedure should be initiated. Once this procedure has been used (at any of the stages) the behaviour observed will normally be considered under this procedure rather than under a disciplinary procedure.

Stages

2.5 The procedure has three stages:

Stage 1 – support to study (see Regulation 5)

Stage 2 – assessing a student's capability to study (see Regulation 6)

Stage 3 – a procedural review of a stage 2 decision (see Regulation 7).

2.6 Stage 1 is a supportive process, which facilitates an agreed action plan between the student and the College. Where a Stage 1 action plan has not been followed by the student, or in serious cases without using Stage 1, Stage 2 of this procedure may be initiated or the Senior Tutor may choose to refer the case to the University's Procedure to Support and Assess Capability to Study (as outlined in regulation 4.6).

2.7 Following a Stage 2 decision, the student can request a review of the Committee's decision using Stage 3. The decision on the completion of Stage 3 will be the final stage of the College's internal procedures and therefore a Completion of Procedures letter will be issued. The Completion of Procedures letter will explain to the student how to raise a complaint with the external ombudsman, the Office of the Independent Adjudicator, if the student remains dissatisfied with the College's action or inaction.

Engagement with the procedure

2.8 A student must engage fully with this procedure, including responding to emails, adhering to deadlines and attending meetings either physically or virtually. If a student does not engage fully with the procedure, this is likely to lead to escalation within the procedure and for the decision-makers to assess that the risk to the student or the Collegiate University community is high, potentially resulting in interim action being taken while the procedure is ongoing using the College's Rules of Behaviour.

2.9 Some students may find engaging with the procedure worrying or challenging, particularly Stage 2, as it may include consideration of whether the student is currently capable to continue studying. The student will receive information on how to access support during the procedure. The appropriate support will depend upon the student's circumstances but may be delivered by a College, the University, the Student Advice Service or external support organisations. Decision-makers will take into account the potential effects upon the student made known to them in reaching their decisions.

2.10 Reasonable adjustments shall be made to the procedure to allow fair access for students with a disability requiring them. Students are requested to inform the College of any requests for reasonable adjustments during the procedure, where these have not already been anticipated and put in place.

- 2.11 The student and all others involved in the procedure are always required to communicate and act respectfully and reasonably whilst using the procedure. Abusive behaviour will not be tolerated. If, following a warning, someone continues to behave in an unacceptable manner, that person may be subject to separate disciplinary action. Where the student is continuing to behave in an unacceptable manner, this behaviour may lead a decision-maker to consider that the risk the student poses to the Collegiate University community or themselves is high and refer the concern for consideration under the College's Rules of Behaviour.

If concerns are raised whilst a student is on authorised study away from Cambridge (e.g. is on a Year Abroad, has leave to Work Away, or is on a placement) the College will discuss with the other institution and the University Department, where appropriate, alternative arrangements that might address any concerns.

Representation

- 2.12 In order to ensure that a student's views are accurately represented during the procedure, it is preferable for the College to correspond directly with the student. Where this is not in the best interests of the student, for example because the student lacks capacity or requires support to receive correspondence as a result of an underlying health condition, correspondence can be directed through an authorised representative where explicit permission is given by the student.

It is only natural that parents/guardians will be concerned for the welfare of their children. It must be noted, however, that unless the student is still legally a child (that is are not yet 18 years old), parents/guardians may only become involved in the procedures described here with the express consent of the student. Such consent should be communicated to the Senior Tutor. If such consent has been given, then a parent/guardian may, for instance, accompany a student to a Support to Study or Committee meeting.

- 2.13 This procedure is an internal process and does not have the same degree of formality as proceedings in a court of law. It is not normally necessary for a student to be legally represented at any meetings that form part of the procedure, other than in exceptional circumstances.

Decision-making

- 2.14 Any action taken under this procedure will be limited to that necessary and proportionate to protect the best interests of the student, and other members of the Collegiate University community.
- 2.15 The standard of proof when making decisions under this procedure is the balance of probabilities. The burden of proof that some form of action is required to be taken in relation to the student's studies rests with the College. This means that it is necessary to prove that it is more

likely than not that behaviour occurred which requires action to be taken. Decisions must be supported by evidence, and will take into account the credibility of evidence.

- 2.16 All decision-makers will receive appropriate training to undertake their role and be appropriately resourced and supported. Decision-makers in Stage 2 will not have had any previous involvement with the matter or any personal knowledge of the student.
- 2.17 A student may choose to intermit at any time during this procedure. The decision-maker will normally accept any request for intermission provided criteria for intermission are met.
- 2.18 This procedure can be suspended at any time by a decision-maker to enable a student to intermit from study or for a criminal investigation or proceedings to be completed. When a student intends to return to study after intermission or when the criminal proceedings have been completed or a decision has been taken not to take further action through the courts, the decision-maker may request additional medical evidence or resume this procedure in order to ensure the student is fit to resume study.
- 2.19 Any reference in this procedure to a College officer or other named role-holder includes a deputy appointed by that officer or role-holder to exercise the functions assigned to that officer or role-holder under this procedure.

3. Circumstances under which this procedure may be implemented

- 3.1 A student's capability to study may be brought into question as a result of a wide range of circumstances. These include, but are not restricted to, the following:
 - (a) Students who have individual learning plans in place and are struggling to manage their studies or other elements of their course;
 - (b) Students who are not attending, submitting work and/or repeatedly not responding to emails;
 - (c) Students with complex personal circumstances (for example, health, family or financial issues);
 - (d) Students who regularly submit applications for examination allowances as a result of ongoing health concerns;
 - (e) Students whose health, wellbeing or behaviour is causing concern to others, although there may be no negative impact on their academic work and progression; such as where serious concerns about the student emerge from a third party (e.g. friend, other student, department, placement provider, member of the public, medical professional etc);
 - (f) Students whose behaviour is impacting upon the health and safety of others;

- (g) The student has told a member of the College that he/she has a problem and/or has provided information, which indicates that there is a need to address their capability to study;
- (h) Behaviour that would otherwise be dealt with as a disciplinary matter, but is considered may be the result of an underlying physical or mental health problem;
- (i) The student's academic performance or persistent behaviour is not acceptable and this is thought to be the result of an underlying physical or mental health problem.

If Tutorial, Academic or Support Staff have concerns regarding a student's fitness to study they should discuss this with the Senior Tutor and with support services, such as the College Nurse and Wellbeing Advisor, and consider implementing Stage 1 of the procedure.

4. Raising a concern

- 4.1 The Senior Tutor may choose to initiate this procedure following receiving a referral from:
 - (a) the student's Tutor or Postgraduate Tutor;
 - (b) the College Counselling provision;
 - (c) the College Nurse and Wellbeing Advisor;
 - (d) OSCCA;
 - (e) the University's Examination Access and Mitigation Committee
- 4.2 The Senior Tutor, following consultation with the student's Tutor or Postgraduate Tutor and, where applicable, the student's Head of Department and/or OSCCA, will consider the grounds contained in the referral and shall determine whether to refer the concern:
 - (a) to Stage 1 of this procedure;
 - (b) to Stage 2 of this procedure;
 - (c) to an alternative procedure where appropriate, for example, the equivalent University procedure, a College or University Disciplinary Procedure or the University's Fitness to Practise Procedures.
- 4.3 The Senior Tutor may advise the Dean to take immediate and interim action under the College's Rules of Behaviour where there are reasonable grounds to consider the student is a risk to themselves, or to the Collegiate University community, and there is a need for immediate action to be taken.
- 4.4 The Senior Tutor, when making a decision under Regulation 4.2, shall take into account whether the concern is likely to be resolved with additional supportive actions. Where Stage 1 does not appear likely to resolve the concern, or actions equivalent to Stage 1 have already been attempted without success, it will be referred to Stage 2.

- 4.5 The University has an equivalent procedure to support and assess capability to study. There are a number of factors that can determine whether the College or University procedure is most suitable to use, including whether:
- (a) the behaviour that has prompted the concern is occurring primarily within a College or University setting;
 - (b) the College wish to maintain an entirely supportive relationship with the student;
 - (c) the student's relationship with the College or the University has broken down.
- 4.6 In some circumstances it may be appropriate for the College to take forward Stage 1 of this procedure. However, where the concern is not resolved by this action, the College may decide to refer any consideration equivalent to Stage 2 into the University procedure by making a written referral under paragraph 4.2.
- 4.7 The decision regarding which procedure to use will be made jointly by the student's Senior Tutor and the Head of OSCCA.
- 4.8 The Senior Tutor shall write to the student within 7 days of the decision being made under Regulation 4.2, outlining the concern and informing the student of the decision and the reasons for the decision.

5. Stage 1 – support to study

- 5.1 Should preliminary action in terms of support and guidance be unsuccessful the Senior Tutor will nominate a member of the College to undertake the actions under Stage 1. This would ordinarily be their College Tutor but might be the College Nurse and Wellbeing Advisor or other member of the pastoral support team. Should the Tutor or other member of staff require advice or guidance on this they should contact the Senior Tutor.
- 5.2 The student will be required to attend a Support to Study meeting with the nominated College member to understand why there are concerns regarding the student's behaviour and to discuss what supportive actions can be taken to help address the behaviour.
- 5.3 The student will normally be given at least 7 days' notice of the meeting taking place. The student will be informed of the purpose of the meeting including a summary of the behaviour which has led to the meeting taking place and will be able to bring an appropriate supporter to the meeting. Where the student has an ADRC advisor, this person may also attend to provide expert information in relation to any adjustments or other support options that may be discussed.
- 5.4 During the meeting, the College member will outline the behaviour that has led to the meeting taking place and the student will be given an opportunity to provide a response or explanation for the behaviour. The

student should be given the opportunity to explain their own views on the matter, and be encouraged to think about using one or more of the support services offered by the University. Where a student disagrees that the behaviour has taken place then this should be noted, with the student still having the opportunity to agree to engaging with supportive actions.

- 5.5 Supportive actions can be any actions that may assist students in continuing with their course. Supportive actions must be agreed between the College member and the student. Some examples of these actions may include:
 - (a) additional meetings with College fellows, such as the Director of Studies, or staff to discuss behaviour expectations or academic work;
 - (b) additional study skills or language sessions;
 - (c) mentoring, which can either be specific mentoring to support a student in managing their studies with a disability or more general mentoring (mentoring should only be carried out by staff, not peers);
 - (d) interim milestones or deadlines for academic work to ensure that formal deadlines will be met;
 - (e) the student engaging with the ADRC, or with counselling or other medical or health professionals, including agreeing to undertake further assessments, including with the Mental Health Advice Service;
 - (f) a review of reasonable adjustments in place;
 - (g) the student not contacting or communicating with named staff or students, or to only communicate or contact named staff or students as explicitly defined by the action;
 - (h) using named College facilities or buildings as explicitly defined, for example, not using particular spaces out of hours or without supervision.
- 5.6 Any actions that will require the input of staff outside of the College must be agreed with the relevant staff or service before the supportive action is finalised.
- 5.7 Within 7 days of the meeting taking place, the student will receive from the College member a summary of the content of the meeting and a list of the agreed supportive actions, and a date of review to check that the agreed actions have improved matters. The student will be required to confirm agreement to the supportive actions within 7 days of receiving the written copy.
- 5.8 It is hoped that in most cases issues can be resolved at this level, and that the student will respond positively, co-operating fully with the process and taking advantage of the support available. It may be necessary to obtain independent corroboration as to whether support offered is being taken up. The responsibility for providing this will lie with the student.

- 5.9 A review period should be determined by agreement between the Tutor, DOS (if applicable) and the student to allow the student to consider their own behaviour and seek advice from the support services available. At the end of this period a meeting should be held to discuss any steps taken by the student to address the concerns. If the concerns have been addressed satisfactorily, this will be noted. Further meetings may be scheduled to continue to monitor the situation/progress and help ensure that continued support is provided to the student to enable them to study effectively. If, however, the concerns have not been addressed, a further review period may be agreed, or the case will move to the next stage of the policy.
- 5.10 The informal discussions, advice and any undertakings made by the College or University and/or the student should be documented for the benefit of the College, the University and the student, but should be kept confidential. Copies of documents are to be kept by the Tutor and the student. A letter setting out what has been agreed should be given to the student. At this stage a postgraduate student's Supervisor and/or Course Director will not be informed of the problem, the process or the resolution.
- 5.11 Where a student does not agree to any supportive actions being put in place; or where the student has failed to comply with the actions; or where following the review date the actions have not had the desired impact, the College member must inform the Senior Tutor for possible consideration under Stage 2 of the procedure.

6. Stage 2 – assessing capability to study

- 6.1 Where a concern is referred to Stage 2 of this procedure, a Committee will be appointed by the Senior Tutor within 21 days of the referral in accordance with the rules in section 13 of the Ordinance under Statute F.IV.2 concerning Student Behaviour Panels. The Chair of the Committee shall have had no previous involvement in the case for which purpose the rules in section 13.2 of the aforementioned Ordinance shall be followed.
- 6.2 The Chair of the Committee may invite the student's Tutor, the Senior Tutor, and others to attend meetings of the Committee where this is, in the opinion of the Chair, appropriate. A member of the College Tutorial Office will act as Secretary to the Committee.
- 6.3 The Chair will set a date for a formal meeting of the Committee to hear the case, which date may be changed by the Chair if the circumstances require it.
- 6.4 The purpose of the meeting will be to consider the information available and to reach an appropriate decision, action plan, or other outcome. The person who made the original referral and, where Stage 1 has been used the College member responsible for Stage 1, will be requested to provide

relevant written evidence to the Committee, and may be requested to attend at the Chair's discretion. The Committee may request other specialist or relevant opinion, including medical reports or reports from other specialist advisers. This can include an assessment from the University's Mental Health Advice Service where students have mental health difficulties (excluding assessments regarding neurodiverse conditions) or behavioural difficulties, which are impacting the wider College community. The Committee may also request to see documents and records resulting from consideration of the student's case by the College or University under its procedures or any other evidence considered necessary and proportionate. The Committee may ask the student to attend a consultation with an expert but the Committee may proceed to consider the student's capability to study notwithstanding a refusal or failure by the student to attend a consultation as requested. The student will be asked to authorise full disclosure to the College of the results of any medical examination. The College recognises that any such information disclosed will constitute "sensitive data" for the purposes of data protection legislation and will be handled, processed and stored accordingly.

- 6.5 The Secretary of the Committee shall give the student at least 14 days' notice of the date, time and venue of the meeting of the Committee, as well as the purpose of the meeting, and all documentation given to the Committee, including a summary of the concerns to be considered at the meeting. The student will be invited to provide any documentation which the student wishes the Committee to consider in advance of the meeting. The Secretary of the Committee will ensure that all parties have access to the same documents.
- 6.6 If the student is unable to attend the meeting, or declines to do so, the Committee may agree to proceed in the student's absence.
- 6.7 The student may be supported and/or represented (including in her or his absence) at the meeting by a supporter or representative of the student's choice. A support worker may also accompany a disabled student. The student should notify the Secretary of the Committee at least 7 days in advance of the meeting if the student intends to attend the meeting and if the student will be accompanied and/or represented, and, if so, by whom. Where a student and a representative attend the meeting the student may still be required to answer questions at the Chair's discretion.
- 6.8 Subject to the express provisions of this procedure, the Chair shall otherwise acting reasonably regulate the arrangements for the provision of documentation and other evidence (including adjourning the meeting where necessary so that additional information can be sought), as well as the conduct of the meeting.
- 6.9 The Committee shall make such decisions by a simple majority in respect of a student's capability to study as it considers necessary and

proportionate. These decisions may include, but are not limited to, one or more of the following:

- (a) to agree that no further action be taken by the College;
- (b) to agree a plan of action(s) with the student;
- (c) to make the student's access to College facilities and premises subject to specified conditions;
- (d) to make such recommendations, including to the University, and/or direct such actions, in respect of the student, as the Committee considers fit;
- (e) in the case of a medical or veterinary student, to refer the case for consideration under the University's Fitness to Practise procedures;
- (f) to refer the case for consideration under the College or University's disciplinary procedures;
- (g) to suspend the studies of the student temporarily and to determine the minimum period after which the College will consider an application to resume, and what conditions, if any, must be met before an application to resume may be made;
- (h) to withdraw the student's membership of the College, resulting in permanent exclusion from the College and withdrawal from the University.

- 6.10 For the purposes of candidature for an examination or competition, any terms during which a student's studies are temporarily suspended by the Committee will need to be reported through an application to the EAMC for terms to be disregarded.
- 6.11 Where the Committee decides that a student's access to College facilities and premises shall be subject to specified conditions, the Committee shall stipulate arrangements for monitoring the student's compliance with those conditions and for dealing with any alleged breach of those conditions on the part of the student.
- 6.12 The student, the student's Department, where applicable, and the University's Student Registry shall be notified in writing of the decision of the Committee, with reasons, within 7 days of the meeting of the Committee. The letter shall also include the timeframe and process to be followed where the student wishes to review the Committee's decision.
- 6.13 Where the student asks for review of the Committee's decision, the decision will continue to be implemented until such time, if any, that the review results in an alternative decision.

7. Review of Committee's decision

- 7.1 A student shall have 14 days from the date of the decision letter to submit a request to review the Committee's decision.
- 7.2 The permitted grounds for review are as follows:

- (a) procedures were not followed properly, which may have had an impact on the Committee's decision;
- (b) demonstrable bias or reasonable perception of bias during the procedure;
- (c) the student has new material evidence that they were unable, for valid reasons, to provide earlier in the process;
- (d) that the Committee's decision was unreasonable, disproportionate or not permitted under the procedure.

7.3 A review shall be carried out by a Student Behaviour Panel (SBAP) constituted in accordance with section 13 of the Ordinance under Statute F.IV.2. The SBAP shall act in accordance with relevant procedural rules set out in section 14.2 of that Ordinance. Proceedings of the SBAP shall be private. An SBAP acting under this section shall only have the power to confirm or quash the decision of the Committee.

7.4 The Chair of the SBAP shall write to the student within 7 days of the Appeal Committee decision with the outcome and reasons for it, accompanied by a Completion of Procedures letter.

8. Return to study

8.1 A student whose College membership or studies have been temporarily suspended under this procedure may make an application addressed to the Senior Tutor for permission to resume after such period and subject to meeting such conditions as may have been determined under Regulation 6.8(g) above. Where the Senior Tutor considers that the application appears to meet the conditions to return to study, it will be considered at the discretion of the Senior Tutor either by the same Committee that made the decision temporarily to suspend the student or by a differently constituted Committee appointed in accordance with Regulation 6.1 above. The application shall be heard at a meeting of the Committee managed in accordance with Regulations 6.2–6.13, save that, if, having reviewed the student's application and any documentation submitted with it, the Committee agrees that the student may be permitted to resume study either unconditionally or subject to specified conditions to which the student consents in writing, the Committee may proceed without a meeting.

8.2 The Committee shall make such decisions by a simple majority in respect of a student's capability to return to study as it considers necessary and proportionate. These decisions may include, but are not limited to, one or more of the following:

- (a) to permit the student to resume study, subject (if the Committee considers it appropriate) to specified conditions, including in the case of a disabled student defining reasonable adjustments, as appropriate, to support the student's studies and examination;
- (b) to make such recommendations in respect of the student, including to the student's Department, where applicable, as the Committee considers fit;

- (c) in the case of a medical or veterinary student, to refer the case for consideration under the University's Fitness to Practise procedures;
 - (d) to refuse the application to resume study and to determine the minimum period after which the College will consider a further application, and what conditions, if any, must be met before such an application to resume study may be made;
 - (e) to withdraw the student's membership of the College, resulting in permanent exclusion from the College and withdrawal from the University.
- 8.3 In cases where the College has any continuing concerns about the individual's capability to study, it may require a second medical opinion. In this case a student may be asked to submit themselves for medical examinations by doctors/specialists, including the University Counselling Service, nominated by the College, at the College's expense to allow the situation to be properly evaluated.
- 8.4 It may not always be possible for a student to return to exactly the same course following a long period of suspension, as the course may have been discontinued or significantly modified. It may also be necessary for a student to return to the course at a point prior to which they left, if this is necessary for academic reasons or to enable support mechanisms to be set up. The College will need to liaise with the Examination Access and Mitigation Committee and/or the relevant Department to ensure accurate information is provided to the student about course options.
- 8.5 Where a Committee has allowed a student to resume her or his studies, the Committee may, at the request of the student, submit an application to the Examinations Access and Mitigation Committee to allow a term of residence, put the student in standing for the purposes of examination, or apply for such other academic arrangement as the Committee may think fit.
- 8.6 Where a Committee decides that a student's resumption of studies shall be subject to specified conditions, the Committee shall stipulate arrangements for monitoring the student's compliance with those conditions and for dealing with any alleged breach of those conditions on the part of the student.
- 8.7 In any case where a student returns to study following the implementation of the capability to study procedure, the College should hold an initial meeting with the student to discuss what support measures need to be put into place for the student's return and establish a return to study plan. This initial meeting should include the student's Tutor, the Senior Tutor and the Director of Studies. At this meeting it may be decided that there should be regular review meetings with the student that can be used to monitor and support a return to study plan. If so, the student must provide their continued co-operation in this respect and such review meetings may continue for part or all of their remaining time at College. There should be a written record of what is

agreed for the return to study plan and a copy given to the student. The Senior Tutor should ensure that, where appropriate, a copy of the plan is sent to the relevant support agencies, who have agreed to help implement the plan and that any necessary support from agencies external to the College is put in place. The Senior Tutor should make arrangements for monitoring that the support plan is being delivered and accepted.

- 8.8 The Secretary of the Committee will communicate in writing, within 7 days of the decision being made, the decision and reasons for the decision to the student, the student's Department, where applicable, and the University's Student Registry. The Secretary will also confirm the process for reviewing the Committee's decision.
- 8.7 Where the student requests a review of the Committee's decision using regulation 7, the decision will continue to be implemented until such time, if any, that the review results in an alternative decision.

9. Reporting and Monitoring

- 9.1 The College shall monitor all concerns reported using this procedure and shall produce an annual report summarising the anonymised decisions made by the Senior Tutor, the Committee and the Appeal Committee. The annual report shall be submitted to the College Council.
- 9.2 The purpose of this monitoring shall be to ensure that decisions are made consistently and at the appropriate level, that appropriate action is taken on issues identified and that information gathered is used to improve guidance and support for students, staff and fellows using the procedure.

10. General Matters

- 10.1 The College will take account of relevant legislation such as data protection legislation, mental health legislation, the Human Rights Act, equality legislation and the general rights and expectations of a student of confidentiality. In cases where Stage 2 of the Procedure has been invoked, the Chair will make a decision about whether the student's emergency contact should be informed, and discuss with the student whether any statutory services should be contacted.
- 10.2 The College acknowledges that as a result of implementing this procedure it will receive personal sensitive data and data of a confidential nature pertaining to the student and other third parties, and shall ensure that all such data is handled, processed and stored accordingly.

APPENDIX

Crisis Situations

It is possible that a student may pose such an extreme risk to themselves and/or others that they require emergency assistance outside these procedures.

In a situation where it is believed that a student's behaviour presents an immediate risk to themselves or others, the Emergency Services should be contacted by dialling 999.

The College Porters Lodge should be informed.

This should be followed up as soon as possible by notifying the Senior Tutor of the details of the incident and action taken.

The person witnessing the student's behaviour should not leave the scene until they have briefed the Emergency Services, bearing in mind the primary necessity to ensure their own safety.

The Porters Lodge will keep a record of the action taken by the Emergency Services and pass this on to the Senior Tutor. The Senior Tutor or nominee will ensure that contact is made at the appropriate level of detail with the student, the student's Tutor and Director of Studies, or Supervisor in the case of postgraduates, and that appropriate arrangements are made with regard to follow up.

In the case of medical and veterinary students, incidents should be reported by the Senior Tutor to the Medical and Veterinary Progress Panel for advice as to whether there might be Fitness to Practice issues to consider.

- 2.2 Any club or society that is registered with or regulated by the University or any other body in the University, or that satisfies the Dean that it meets all the following considerations, shall be exempt from sections 5-8 of this Ordinance:
 - (a) it has no more than 10 members;

 - (c) its meetings and events are not advertised beyond its own membership;

- 2.3 A club or society that does not fall within section 2.2 above may nevertheless be exempted by the Dean for good reason, and shall not be subject to sections 5-8 of this Ordinance, but an exemption under this section may be withdrawn by the Dean at any time.

3. Funding

- 3.1 The College may provide such funds, on such terms and conditions, to a club or society as it sees fit.

4. Role of the Dean

- 4.1 The Dean shall, with the assistance of those Fellows serving as Senior Treasurers, exercise a general supervisory authority over the clubs and societies and shall be empowered to take appropriate action under this Ordinance in the event of any irregularity, impropriety, misfeasance, misbehaviour or misconduct or infringement of the requirements of this Ordinance.

5. Constitutions

- 5.1 Every club and society shall have a constitution, which shall be subject to approval by the Dean.
- 5.2 The Dean may formulate a model constitution for clubs and societies and may prescribe its adoption by all clubs and societies, by clubs and societies in a particular class or by a club or society whose draft constitution has been rejected by the Dean.
- 5.3 A constitution shall state or make provision for the following:
- (a) the purpose or purposes of the club or society;
 - (b) eligibility for membership if restricted in accordance with section 6.2 below;
 - (c) the election of officers and a committee;
 - (d) the keeping of accounts and the handling of funds;
 - (e) the removal of officers and expulsion of members for good cause;
 - (f) the appointment of a Senior Treasurer (where required) and the supply of adequate information to facilitate the discharge of the Senior Treasurer's responsibilities; and
 - (g) the procedure for amending the constitution.

6. Membership

- 6.1 A constitution may provide for the refusal of membership where a particular student's membership would be inimical to the interests of the club or society; and any student denied membership under such a provision shall have the right of appeal to the Dean.
- 6.2 Membership of a club or society shall normally be open to all students of the College, but may, if the Dean is satisfied that it is appropriate and reasonable, be restricted to those of a particular faith or sex, studying

a particular subject, engaged in a particular sport or sports or sharing some particular distinction or characteristic.

7. Senior Treasurers

- 7.1 Every club and society shall appoint a Fellow to serve as Senior Treasurer unless it is relieved of this obligation by the Dean.
- 7.2 A Senior Treasurer who has resigned shall be replaced, but otherwise may not be replaced without the consent of the Dean.
- 7.3 The role of the Senior Treasurer is to advise the officers and to ensure as far as possible that the club or society complies with its obligations under this Ordinance, has in place proper controls and arrangements for the management of its funds and its annual accounts accurately state its financial situation.
- 7.4 The Senior Treasurer shall promptly inform the Dean of any concerns about the affairs, finances or activities of the club or society or of an officer or member.

8. Registration and reporting

- 8.1 Every club and society is required to register with the Dean, to lodge a copy of its constitution, to file the names of its officers and committee members and to submit a copy of its accounts at the end of each academic year.
- 8.2 The Dean shall maintain and keep up to date a register containing the name of every club and society and of its presiding officer or secretary, which shall be open to inspection by any member of the College.
- 8.3 The Dean may decline to register a club or society if of the opinion that its purpose or purposes is or are inimical to the interests of the College, or for any other good reason, and a club denied registration shall forthwith cease all activities and, subject to the right to appeal set out in section 15 below, disband.

9. Prohibitions and misconduct under the Code of Student Behaviour

- 9.1 Any initiation ceremony or other practice, in connection with any club or society, that is unlawful, dangerous, degrading, humiliating or indecent, or has sexual undertones or features, or involves excessive consumption of alcohol is prohibited.

Provided that no activity that is dangerous shall fall within this prohibition if it is integral or reasonably incidental to the purpose or purposes of the club or society or constitutes a lawful sporting activity which it is reasonable in all the circumstances for the club or society to arrange or permit.

- 9.2 It shall constitute misconduct under the Code of Student Behaviour for any officer or committee member or other student to incite, encourage, require, promote or organise, or knowingly or willingly to participate in, or willingly to be present at, or (being an officer or committee member) to acquiesce in, a ceremony or practice described in section 9.1 above.

- 9.3 Subject to section 6.2 above, it shall constitute misconduct under the Code of Student Behaviour for any officer, committee member or member of a club or society to engage in any act of discrimination as defined in section 2.2(c) of the Code of Student Behaviour.
- 9.4 The Dean may if the circumstances justify it treat conduct which falls under sections 9.2 and 9.3 above as infringements of this Ordinance instead of misconduct under the Code of Student Behaviour.
- 9.5 It shall also constitute misconduct under the Code of Student Behaviour to fail to comply with any penalty imposed under section 14 below.

10. Infringements by students

- 10.1 The following shall constitute infringements under this Ordinance:
- (a) failure by any officer of a club or society to comply in a timely manner with the requirements of section 8.1 above;
 - (b) failure by any officer or committee member to provide the Dean in a timely manner with any information or documentation concerning the club's or society's activities, affairs or finances as may be demanded;
 - (c) failure by the responsible student or students, as defined in section 10.2 below, to exercise appropriate control at an event or meeting of the club or society, whether on College premises or not;
 - (d) failure by officers and committee members to exercise proper stewardship over the affairs of the club or society, or engaging in acts of impropriety; and
 - (e) for any student to be involved in the management or organisation of any club or society, or of any meeting or event of that club or society, if that club or society is not registered when required to be registered.
- 10.2 "Responsible student" in paragraph (c) above means one or more of the following as appropriate in the circumstances:
- (a) the person who has organised the event;
 - (b) the person who booked the room;
 - (c) the person in whose room the event took place;
 - (d) the person in whose name invitations were issued or who was the designated host; and
 - (e) the officers of the club or society.
- 10.3 References in paragraphs (a), (b) and (d) above to officers and committee members shall be read as other members of the club or society if there are no relevant officers or committee members in place and those other members have de facto assumed responsibility for all or some of the affairs or activities of the club or society.

11. Action against the club or society

- 11.1 Where in relation to any club or society there has been any infringement or breach of a prohibition under this Ordinance or any misconduct under the Code of Student Behaviour, or any failure to comply with the requirements of this Ordinance, or any disorderly or unruly behaviour at or arising from a meeting or event, action may be taken against the club or society and penalties imposed under section 14.1 below; and this is so regardless of whether any individual student or students has or have been the subject of proceedings under this Ordinance or the Code of Student Behaviour.

12. Complaints and investigation

- 12.1 The Senior Treasurer, any student (whether or not a member) or any other person may submit a formal complaint about a club or society or its officers to the Dean.
- 12.2 The Dean shall investigate the matter unless the complaint is summarily dismissed on the ground that it is frivolous, vexatious or manifestly ill-founded, or the matter is referred to the police as a possible crime or there are other compelling grounds for deferring an investigation or declining to investigate under this Ordinance.
- 12.3 The Dean shall decline to investigate a complaint that would constitute an excluded offence under section 18 of the Code of Student Behaviour.
- 12.4 A complainant may request a review of a decision not to investigate in accordance with the procedure set out in sections 4.9-4.11 of the Code of Student Behaviour.
- 12.5 If, after an investigation, whether following a complaint or not, the Dean is of the view that there is cause for concern, action may be initiated either under the Code of Student Behaviour or under this Ordinance, or under both, as the Dean thinks appropriate.
- 12.6 If both disciplinary action under the Code of Student Behaviour and action under this Ordinance are contemplated, the Dean shall consider whether the latter should be adjourned or delayed pending the outcome of the disciplinary proceedings.
- 12.7 Action under this Ordinance shall not be taken against a student who has been or is being dealt with under the Code of Student Behaviour in respect of substantially the same conduct.
- 12.8 The Dean may, following an event or incident, impose immediate measures on a club or society, its officers or members pending investigation and hearing if it is judged expedient and urgent to do so, and such measures may include an order suspending the club or society from all activities, imposing restrictions or conditions on its activities and directing that a student or students shall not participate in the affairs or activities of the club or society or shall participate only to the extent that may be specified.

- 12.9 Following an investigation, the Dean may submit a report to the Master in accordance with section 4.15 of the Code of Student Behaviour.

13. Hearings

- 13.1 Where the Dean is of the view that action under this Ordinance should be taken, a hearing before the Dean shall be arranged.
- 13.2 Where the complaint is laid against the club or society, up to three of its officers or members may attend in order to speak in its support.
- 13.3 The officers or student or students (as the case may be) shall be given full particulars relating to the infringement and shall be given a full opportunity to answer the complaint by introducing evidence and challenging the evidence against them.
- 13.4 Subject to section 13.3 above, the Dean shall determine the procedure to be followed, which may where appropriate involve a hearing by electronic means or in writing.
- 13.5 The Dean shall find a case proved if satisfied on the evidence on the balance of probabilities.

14. Penalties

- 14.1 The following penalties may be imposed on any club or society where authorised by the above provisions of this Ordinance:
- (a) dissolution (in which case any funds in its name shall be disposed of or distributed in accordance with the directions of the Master, complying as appropriate with any legal requirements);
 - (b) suspension for such period as shall be prescribed;
 - (c) a sum to be paid from the club's or society's funds not exceeding £5000;
 - (d) restrictions on or conditions attached to its activities;
 - (e) compensation to be paid from its funds for any damage to property or injury to a person; and
 - (f) a requirement for a designated officer to make a written apology on behalf of the club or society to any person who has been affected by the conduct of a member or members, whether or not such members have been individually identified, or have been found responsible for misconduct under the Code of Student Behaviour or for infringements of this Ordinance, or there has been an announcement under section 4.15 or a declaration under section 7.7 of the Code of Student Behaviour that misconduct has taken place
- 14.2 The following penalties may be imposed on individual students found responsible for an infringement of this Ordinance:
- (a) reprimand and caution;
 - (b) removal from office in the club or society, including committee membership, or from office in any other club or society either for a prescribed period or permanently;
 - (c) disqualification from holding office or serving on a committee either permanently or for a specified time;

- (d) expulsion from or suspension of membership of the club or society;
- (e) a financial penalty not exceeding £500;
- (f) payment of compensation for damage to property or injury to the person;
- (g) restrictions or conditions on participating in the activities of the club or society; and
- (h) a requirement to make a written apology to any person affected by the offence.

14.3 Sections 15.5-15.7 of the Code of Student Behaviour shall apply to financial penalties and compensation under this section

15. Appeals

15.1 The officers of a club or society acting in the name and on behalf of the club or society, or any student with a sufficient interest in the matter, may appeal against any decision made by the Dean under sections 5.1 (refusal to approve a constitution), 6.2 (to permit or refuse to permit restricted membership) and 8.3 (refusal to register) above.

15.2 The officers of a club or society acting in the name and on behalf of the club or society may appeal against any penalty applied to the club or society and the finding upon which such penalty was based.

15.3 Any student found responsible for an infringement under this Ordinance may appeal against that finding and/or the penalty imposed.

15.4 Appeals under sections 15.1 – 15.3 shall be heard by the Student Behaviour Appeal Panel ("SBAP") convened under section 13.5 of the Code of Student Behaviour, which shall consist of either three or five members as the presiding member shall determine; and section 13.7 of the Code shall apply.

15.5 Notice of appeal must be given to the Dean within 14 days of receiving the Dean's reasoned decision and the notice must set out the grounds of appeal.

15.6 It is for the appellant to satisfy the Panel that the appeal should be allowed.

15.7 The Panel shall, following a hearing at which the appellant has been afforded a full opportunity to present the appeal, either dismiss the appeal and confirm the Dean's decision or penalty, or allow the appeal, cancel the Dean's decision and substitute a different decision and/or quash the penalty and substitute such other penalty or penalties as is or are no more severe than that imposed by the Dean.

15.8 The decision of the SBAP shall be final.

4. A statement showing the capital assets, accumulated income, and the debit or credit balance at 30 June on the Trust Account and a summary of annual income and expenditure from each trust fund shall be submitted to the Governing Body for consideration at the special meeting in the Michaelmas Term when the audited accounts of the College for the previous financial year are submitted for approval.

Statute I: Academic Staff

In force 11 February 2014 (replaces previous version of Statute I in force as at 12 February 1999 and amended in 1998 and 2008)

Chapter I: General

1. Application

(a) This Statute applies:

- (i) to any person holding a College Office designated by the Governing Body as one to which this Statute applies;
- (ii) to any person employed by the College to carry out teaching or research, save for those holding appointments which have been excluded by the Governing Body from the scope of this Statute on the ground that the duties in that regard are only of a limited nature; and
- (iii) to the Master, to the extent and in the manner set out in Chapter VII.

(b) In this Statute any reference to “academic staff” is a reference to persons to whom this Statute applies. A “primary office or employment” in relation to a member of the academic staff means one by virtue of the tenure of which that person is a member of the academic staff. A “secondary office or employment”, in relation to a member of the academic staff, means one (i) which is not a primary office or employment for that member; (ii) in respect of which the duties are of a limited nature only; and (iii) which is either prescribed by Ordinance as secondary, or so specified at the time of appointment.

(c) Nothing in any appointment made, or contract entered into, shall be construed as overriding or excluding any provision made by this Statute concerning a member of the academic staff; provided that this

- (i) shall not affect the validity of any compromise agreement made under section 203 of the Employment Rights Act 1996, or any agreement or waiver of rights permitted by law generally; and
- (ii) shall not preclude any member of the academic staff agreeing to terminate his or her office or employment by the College on whatever terms may be agreed.

(d) Chapters II to V of this Statute shall not apply to the dismissal of a member of the academic staff from any secondary office or employment, provided that dismissal from a primary office or employment is not in contemplation. The Governing Body shall prescribe by Ordinance a procedure for dealing with removal from a secondary office or employment before its prescribed or normal

termination date, which shall include provision for a hearing and an appeal.

2. General principles of construction and application

- (a) This Statute and any Ordinances made under this Statute shall be applied and construed in every case to give effect to the following guiding principles:
 - (i) to ensure that members of the academic staff have freedom within the law to question and test received wisdom, and to put forward new ideas and controversial or unpopular opinions, without placing themselves in jeopardy of losing their jobs or privileges;
 - (ii) to enable the College to provide education, to promote learning, and to engage in research efficiently and economically; and
 - (iii) to apply the principles of justice and fairness.
- (b) Nothing in this Statute shall be construed as affecting the Statutes and Ordinances of the College concerning re-election on the expiry of a fixed term of a Fellowship.
- (c) A reference to an Act of Parliament or a provision within such an Act is a reference to it as it is in force for the time being, taking account of any amendment, extension or re-enactment and includes any subordinate legislation for the time being in force made under it.

3. Dismissal

- (a) For the purposes of this Statute, “dismiss” and “dismissal” refer to academic staff and:
 - (i) include remove or, as the case may be, removal from office; and
 - (ii) in relation to employment under a contract, shall be construed in accordance with Section 95 of the Employment Rights Act 1996.
- (b) A member of the academic staff may be dismissed if that dismissal is for a reason set out in section 98 of the Employment Rights Act 1996.
- (c) A member of the academic staff may be dismissed
 - (i) by reason of redundancy in accordance with Chapter II of this Statute;
 - (ii) for disciplinary reasons in accordance with Chapter III of this Statute;
 - (iii) for incapacity on health grounds in accordance with Chapter IV of this Statute; and
 - (iv) on other grounds, including the non-renewal of a fixed-term appointment or the non-confirmation of appointment at the

end of an initial probationary period, in accordance with Chapter V of this Statute.

4. Hearing, appeal and grievance panels

- (a) A panel established for the purposes of this Statute shall comprise three persons. As far as reasonably practicable, none of those persons shall have had any prior involvement with the matter.
- (b) The Governing Body may by Ordinance provide rules for the conduct of panels. Such rules may make provision for a panel to continue their consideration of a matter notwithstanding a reduction in their membership.
- (c) A panel established for the purposes of this Statute shall conduct a hearing into the matter before them. At any hearing, the member of the academic staff concerned shall be entitled to be accompanied by a representative or another person of his or her choosing.
- (d) A panel established for the purposes of this Statute shall give a reasoned decision in writing to the member of the academic staff concerned, which shall be reported to the Council. The Governing Body shall receive a summary report of any decision of a panel established for the purposes of this Statute, except in respect of the decision of a panel constituted under Chapter VII of this Statute, in the case of which the panel's reasoned decision shall be reported to the Governing Body.

Chapter II: Redundancy

5. Application

- (a) Nothing in this Chapter shall prejudice, alter or affect any rights, powers or duties of the College or apply in relation to a person unless:
 - (i) his or her appointment is made, or his or her contract of employment is entered into, on or after the twentieth day of November 1987; or
 - (ii) he or she is promoted on or after that date.
- (b) For the purposes of this Section in relation to a person, a reference to an appointment made or a contract entered into on or after the twentieth day of November 1987 or to promotion on or after that date shall be construed in accordance with subsections (3) to (6) of section 204 of the Education Reform Act 1988.

6. Definition of "redundancy"

For the purposes of this Statute dismissal shall be taken to be dismissal by reason of redundancy if it is attributable wholly or mainly to:

- (i) the fact that the College has ceased, or intends to cease, to carry on the activity for the purposes of which the person concerned was appointed or employed or has ceased, or intends to cease, to

carry on that activity in the place in which the person concerned was appointed or employed to work; or

- (ii) the fact that the requirement for members of the academic staff to carry out activities of a particular kind or to carry out activities of a particular kind in the place in which the person concerned was appointed or employed to work has ceased or diminished or is expected to cease or diminish.

7. Procedure for dismissal by reason of redundancy

The Governing Body shall prescribe by Ordinance a procedure for dismissing members of the academic staff on grounds of redundancy. The procedure shall provide for an initial stage of consultation at the end of which the Council shall resolve whether or not to proceed with a reduction of staff by reason of redundancy. The procedure shall provide, after such resolution,

- (i) for a process which is fair and which allows each member of the academic staff concerned, having been informed of the selection criteria to be employed, to make representations on his or her behalf;
- (ii) for giving each member of the academic staff dismissed under this Chapter notice of dismissal and for informing him or her of the reasons for it.

8. Appeal against dismissal by reason of redundancy

- (a) The procedure prescribed under section 7 of this Statute shall provide for an appeal to a panel by a member of the academic staff who has been given notice of dismissal under this Chapter.
- (b) The appeal panel shall be entitled to review all aspects of the matter other than the resolution of the Council to proceed with a reduction of staff by reason of redundancy.
- (c) The appeal panel shall have power to reach a final decision on the appeal, or to remit the matter back for further consideration.

Chapter III: Disciplinary Procedures

9. Grounds for disciplinary action

- (a) For the purposes of this Statute, disciplinary action means action taken by the College for a reason which is related to the conduct or capability or qualifications for performing work of the kind which the member of the academic staff was appointed or employed to do. Without prejudice to the generality of the foregoing, this may include but is not limited to action taken by the College for the following matters:
 - (i) conviction of an offence such as to render the person convicted unfit for the performance of her or his duties as a member of the academic staff; or
 - (ii) conduct incompatible with those duties; or

- (iii) conduct constituting failure or persistent refusal or neglect or inability to perform those duties or comply with the condition attaching to them; or
- (iii) physical or mental incapacity.
- (b) In this section:
 - (i) "capability" means capability assessed by reference to skill, aptitude, health, or any other physical or mental quality; and
 - (ii) "qualifications" means any degree, diploma, or other academic, technical, or professional qualification relevant to an office or position held.

10. Disciplinary procedures

- (a) The Governing Body shall prescribe by Ordinance a disciplinary procedure for members of the academic staff, which shall provide for less serious matters to be dealt with by warnings following a procedure which is fair and which provides for a right of appeal against any warning.
- (b) The disciplinary procedure shall provide for more serious matters to be dealt with in a way which includes provision for
 - (i) fair and reasonable time limits for each stage;
 - (ii) the investigation of complaints and the dismissal of those found to be without substance;
 - (iii) suspension on full pay pending an investigation or hearing where that is necessary;
 - (iv) prohibition from entering or remaining in College premises pending an investigation or hearing where that is necessary;
 - (v) a hearing by a panel, at which the member of the academic staff against whom the complaint has been made shall have had notice of the complaint, and shall be entitled to be present, to hear the evidence, to call relevant witnesses, and to examine and cross-examine witnesses;
 - (vi) the dismissal by the panel of any complaint found to be without substance;
 - (vii) the dismissal by them without penalty of a complaint found to be of substance;
 - (viii) the imposition by the panel of an appropriate penalty or penalties, which in addition to a warning or dismissal (with or without notice), may include suspension without pay for up to three months, the withholding of future increments, reduction in grade in any primary office or employment, removal from any secondary office or employment, and the substitution (as an alternative to dismissal, where in the opinion of the panel dismissal would be justified) of any

lesser office or employment for any primary office or employment; and

- (ix) the award of compensation in respect of any loss caused or damage done.

11. Appeals

- (a) A member of the academic staff shall have a right of appeal against the finding of, or penalty imposed by, a panel constituted under section 10 of this Statute.
- (b) Such an appeal shall be to a fresh panel, having no common membership with the panel who heard the matter at first instance. It shall include a hearing by the appeal panel, but that hearing shall not take the form of a re-hearing of the evidence, and evidence shall only be heard as the appeal panel may determine in accordance with any Ordinance made under this Statute.
- (c) In determining an appeal, an appeal panel may substitute for the decision of the panel hearing the matter at first instance any decision that that panel might have made.
- (d) A dismissal by a panel hearing a matter at first instance shall be effective notwithstanding any appeal against such dismissal, unless either that panel, in giving their decision, or an appeal panel thereafter shall determine otherwise (subject to such conditions as the respective panel may impose).
- (e) A dismissal or notice of dismissal shall be cancelled, withdrawn or modified if an appeal panel decides that the member of the academic staff should not be dismissed or should only be dismissed with notice. The cancellation of a dismissal shall have effect to reinstate the member of the academic staff as if no dismissal had occurred.

12. Relationship with Chapter IV

The Governing Body may by Ordinance or Regulation provide for dealing with a case in progress under this Chapter where it appears that the conduct or capability of the member of the academic staff concerned may be attributable, wholly or in part, to a medical condition, but any proceedings under this Chapter shall be valid notwithstanding that they might have been brought under Chapter IV of this Statute, and a member of the academic staff may be subject to proceedings and to a penalty, including dismissal, under this Chapter notwithstanding the fact that his or her conduct or capability may have been attributable, wholly or in part, to a medical condition.

Chapter IV: Incapacity on Health Grounds

13. Dismissal on health grounds

- (a) This Chapter makes provision for dealing with cases of incapacity on health grounds in relation to members of the academic staff.

- (b) In this Chapter references to health grounds are references to capability assessed by reference to health or any other physical or mental quality.
- (c) The Governing Body shall prescribe by Ordinance a procedure for assessing incapacity on health grounds and for taking appropriate action in relation thereto, which may include dismissal.
- (d) That procedure shall include a hearing by a panel and a right of appeal to a fresh panel. The panel hearing the matter at first instance and the appeal panel shall each include a medically qualified person.

Chapter V: Other Dismissals

14. Non-renewal of a fixed-term appointment

- (a) Any appointment to a primary office or employment in the College, by virtue of holding which the person appointed will be a member of the academic staff, and which is for a fixed-term, shall be made according to a Code of Practice.
- (b) The Code of Practice shall identify:
 - (i) Any offices or employment for which the fixed-term may be renewed or extended.
 - (ii) Any offices or employment for which the fixed-term will not be renewed or extended.
- (c) The Code of Practice shall define the nature and character of the office or employment to inform the member of the academic staff of his or her expectations, if any, in relation to renewal and extension.
- (d) In respect of offices or employment falling within (b)(i) above, the Code may make provision for such procedures, address such matters, and include such information, as is considered necessary for the proper governance and management of such fixed-term appointments. The Code shall:
 - (i) prescribe a procedure for a review in each case where a member of the academic staff has been appointed to an office or employment falling within (b)(i) above, and the fixed-term is due to terminate. The review shall be to decide whether the office or employment should be allowed to terminate without renewal, or should be renewed for a further fixed-term, or should be extended to an appointment of indefinite duration. The review may encompass matters which, in other circumstances, might fall to be dealt with under Chapters II, III, or IV of this Statute. If the decision of the review is that an office or employment should be allowed to terminate without renewal the member of the academic staff shall be notified of the reasons for that decision.

- (ii) make provision for a right of appeal where the outcome of the first review is that the office or employment should be allowed to terminate without renewal.
- (e) In respect of offices or employment falling within (b)(ii) above, the Code shall make provision for such procedures, address such matters, and include such information, as is considered necessary for the proper governance and management of such fixed-term appointments.

15. Probationary appointments

- (a) The Governing Body shall prescribe by Ordinance a procedure, including appropriate consultation, for a review in each case where a member of the academic staff has been appointed to a primary office or employment for an initial probationary period and that period is coming to an end. The review shall be to decide whether appointment to the office or employment should be confirmed, whether the initial probationary period should be extended, or whether the member of the academic staff should be dismissed at the end of the probationary period.
- (b) The review may encompass matters which, in other circumstances, might fall to be dealt with under Chapters II, III or IV of this Statute.
- (c) The procedure under this section shall provide that, where it has been decided under subsection (a) of this section that dismissal should take place at the end of a probationary period, the member of the academic staff shall be notified of the reasons for that decision, and shall be afforded a right of appeal.

16. Dismissal on other grounds

The Governing Body shall prescribe by Ordinance a procedure for dealing with dismissal on any other ground than those covered by Chapters II, III, IV and sections 14 and 15 of Chapter VI of this Statute. The procedure shall include the right to a hearing by a panel and a right of appeal to a fresh panel.

Chapter VI: Grievance Procedures

17. Grievance Procedure

- (a) The Governing Body shall prescribe by Ordinance a grievance procedure for the settlement or redress of the grievances of members of the academic staff which concern their offices or employments, where those grievances relate to matters affecting themselves as individuals or to matters affecting their personal dealings or relationships with other staff or members of the College, not being matters for which express provision is made elsewhere in the Statutes.

- (b) The grievance procedure shall provide that consideration of a grievance may be deferred if other proceedings under the Statutes relevant to the grievance are pending or in progress.
- (c) The grievance procedure shall provide for the fair and speedy resolution of grievances, informally wherever possible, and shall provide for the person aggrieved to be allowed assistance by an appropriate person at any hearing.
- (d) The grievance procedure shall provide for a member of the academic staff who is dissatisfied with the outcome of a complaint to be heard by a panel, unless the complaint has been judged, in accordance with the procedure, as trivial, vexatious or outside the scope of the procedure.

Chapter VII: Removal of the Master from office

18. Removal of the Master from office

- (a) The Governing Body shall prescribe by Ordinance a procedure for the removal of the Master from office.
- (b) The procedure for the removal of the Master from office shall provide for:
 - (i) the initial consideration by the Governing Body (exclusive of the Master and the complainant Fellows) of a complaint by any ten Fellows seeking the removal of the Master from office for good cause;
 - (ii) the dismissal by the Governing Body of such complaint if they are of the view that it is not supported by sufficient evidence of good cause for removal from office;
 - (iii) otherwise, the appointment by the Governing Body of a panel to hear and determine the matter, which panel shall comprise three persons who are not Fellows or former Fellows and are not employed by the College, one of whom holds, or has held, judicial office, or who is a barrister or solicitor of at least ten years' standing, that person to be chairman of the panel;
 - (iv) a right of appeal against the findings of a panel. The appeal shall be to a fresh panel, also constituted in accordance with (iii) above; and
 - (v) where the complaint is of incapacity on health grounds, the inclusion on the panel hearing the matter at first instance and on any appeal panel of a medically qualified person.
- (c) If the panel finds that the complaint constitutes sufficient reason for dismissal, and if not less than one-half of all members of the Governing Body, not being on leave granted by the Council and not being excluded by virtue of Statute B.III.5, agree that the Master ought to be dismissed, the President shall dismiss the Master.

Ordinance under Statute I

Replaced 2 July 2019

Academic Staff

Part 1: General

- (a) This part and the following parts shall be known as “the Academic Staff Ordinance”.
 - Part 2 Panels constituted under the Academic Staff Statute
 - Part 3 Redundancy procedure
 - Part 4 Disciplinary procedure
 - Part 5 Procedure for assessing incapacity on health grounds
 - Part 6 Procedure for the renewal of fixed-term appointments
 - Part 7 Procedure for dismissal on other grounds
 - Part 8 Procedure for removal from a secondary office or employment
 - Part 9 Grievance procedure
 - Part 10 Procedure for the removal of the Master from office
- (b) The Academic Staff Ordinance is made for the implementation of Statute I, Academic Staff Statute and shall be construed in accordance with it.
- (c) The following terms are defined below:
 - (i) “member of the academic staff” refers to the Master or a Fellow who holds an office or is employed by the College, in either case for teaching or research or both.
 - (ii) “position in the College”, in relation to a member of the academic staff, refers to the Mastership or a Fellowship or any College office held by that member, and also to any contract of employment between that member and the College;
 - (iii) a “primary position”, in relation to a member of the academic staff other than the Master, refers to any College office or employment held by that member on which the tenure of the Fellowship of the member depends; or which is specified by the Council as a primary position in relation to the member; or (if there would otherwise be no primary position in relation to the member) to the member’s Fellowship; and
 - (iv) a “secondary position”, in relation to a member of the academic staff other than the Master, refers to any position that is neither a primary position in relation to the member nor the member’s Fellowship.
 - (v) The Governing Body hereby declares that this Ordinance has no application to tutorships.

- (d) The application of the Academic Staff Ordinance in relation to a position held by a member of the academic staff shall conform to the terms and conditions applying to that position, as determined by or under the Statutes of the College, by contract, or in any other way.

Part 2: Panels constituted under the Academic Staff Statute

Constitution of panels

- (a) The Council shall appoint annually two Lists (List A and List B). List A shall consist of not less than three persons, who shall have legal qualifications and at least one of whom shall not be a member of the College. List B shall consist of not less than twelve Fellows. The initial members of each List shall be placed in such order as the Council may determine. Persons appointed as new members shall be added at the end of the List in such order as the Council may determine. Members of either List, on appointment to a panel, shall go to the end of that List retaining their order as against one another. The Council shall appoint a substitute for a member of either List who is on leave of absence for the period of that leave, unless the Council are of the view that the period is sufficiently short not to prevent the member from serving on a panel if called upon to do so without causing delay to proceedings.
- (b) Panels constituted under the Academic Staff Ordinance shall be constituted according to the following rules:
 - (i) no member of a panel shall also be a member of an appeal panel in the same matter;
 - (ii) a panel or appeal panel to consider the removal of a Master shall be constituted in accordance with Part 10 (Procedure for the removal of the Master from office);
 - (iii) a medical panel and a medical appeal panel shall include a medically qualified person appointed by the Council;
 - (iv) a panel shall comprise three persons, at least one of whom shall be a man and at least one of whom shall be a woman;
 - (v) the panel chairman shall be a member of List A and, in the case of an appeal panel, shall not be a member of the College; and, subject to the preceding rules,
 - (vi) the other panel members shall be members of List B.
- (c) Members shall be selected from List A and List B for the constitution of a panel in compliance with the above rules and otherwise in strict order from the top of the List, but disregarding any member of the List who is disqualified from acting in accordance with the provisions of this Part.
- (d) Where it is not possible to select a panel in conformity with the above rules because there are insufficient persons remaining on either List after the exclusion of those persons who are disqualified from acting in accordance with the provisions of this Part, then to that extent selections may be made by the Council (or by the Master acting on their behalf), after considering the views of the member of the academic

staff under consideration by the panel ("the Member Concerned"), and of other persons.

- (e) A meeting of a panel, whether for a hearing or for any other purpose, shall be valid and effective provided that the panel chairman is present.

Disqualification of panel members

- (f) A person who believes that he or she has an involvement with the matter before a panel that would make his or her participation as a member of the panel unfair shall for that reason decline to accept appointment as a member of the panel, or, if already appointed, shall disqualify him or herself from the panel.
- (g) A member of a panel who fails to attend the whole of any hearing (save for absences which, in the opinion of the chairman, are immaterial) shall be disqualified from the panel.
- (h) If the Member Concerned believes that a member of the panel has an involvement with the matter before the panel that would make his or her participation as a member of the panel unfair, then the Member Concerned shall object on that ground to the panel chairman without delay, and in any event not later than the start of the first hearing of the matter by the panel. The panel chairman shall rule on any such objection (including such an objection relating to him or herself). If the objection is upheld the member of the panel concerned shall be disqualified from acting further. A ruling dismissing the objection shall be open to appeal to the person at the top of List A, whose decision shall be final.
- (i) No objection of the sort referred to in paragraph (h) above shall be entertained after the start of the first hearing of the matter by the panel, unless the panel chairman (or the chairman of the appeal panel if the objection is taken at the appeal stage) is satisfied that it was not reasonably practicable for the Member Concerned to have raised the matter earlier. A ruling declining to entertain a late objection shall be open to appeal to the person at the top of List A, whose decision in the matter shall be final.
- (j) Where a member of a panel (not being the panel chairman) is disqualified from acting, the panel may, with the consent of the Member Concerned, continue to act, notwithstanding such reduction in membership. Alternatively the panel chairman may select a replacement member in accordance with the rules for selection, and may adjourn proceedings pending that appointment. Where the chairman of a panel is disqualified, a new chairman shall be selected in accordance with the rules for selection.
- (k) Where a person is added to the membership of a panel, then any hearing that has already taken place in whole or in part shall be disregarded and shall be held afresh.

Role and powers of the panel chairman

- (l) The panel chairman shall determine all procedural and interlocutory matters on behalf of the panel after such consultation (if any) with members of the panel as the chairman shall see fit.
- (m) The panel chairman may vary time limits; may allow the amendment of charges or of grounds of appeal; may permit any departure from the rules or procedure set out in this Part; and may exclude any person, including the Member Concerned, from any hearing of the panel if, in the opinion of the panel chairman, such step is necessary in the interests of good order.
- (n) In exercising any discretion the panel chairman shall seek to give effect to the guiding principles set out in the Academic Staff Statute. Any exercise of discretion by the panel chairman may be made subject to such conditions as he or she shall see fit.
- (o) The panel chairman may postpone, adjourn and reconvene any hearing or other meeting of a panel. The panel chairman may discharge the panel and order a rehearing of the matter before a fresh panel, but shall only do so where he or she is of the view that that step is necessary in order to ensure a just and fair process.
- (p) Where it appears to the panel chairman, whether on receipt of an application made by the Member Concerned or the Presenting Officer (if one has been appointed) or otherwise, that a material aspect of the matter before the panel is or is likely to be the subject of criminal or civil proceedings in a court of law or the subject of disciplinary proceedings in the University, the panel chairman may direct such stay in the process of the panel as he or she may consider desirable. Subject to any such stay the panel chairman shall seek to ensure that the case before the panel is heard and determined as expeditiously as is reasonably practicable.
- (q) The panel chairman shall keep a record of the proceedings of the panel.
- (r) The panel chairman shall send a document recording the panel's decision (together with their findings of fact (if any) and the reasons for their decision) to the Master, the Member Concerned, the Presenting Officer (if one has been appointed) and any person who shall have been added as a party to the proceedings. Where a right of appeal exists, the chairman shall draw the attention of the Member Concerned to the fact and to the procedure, including any time limit, for appeal.
- (s) The panel chairman shall have power, by certificate under his or her hand, to correct in the record of proceedings kept under paragraph (q) above or in the document recording the decision of the panel any clerical mistakes or errors arising from any accidental slip or omission.

Conduct of hearings

- (t) The overriding objective of the rules of procedure is to enable panel to deal with cases justly. That will include, so far as practicable,
 - (i) ensuring that the parties are on equal footing;

- (ii) saving expense;
- (iii) dealing with the case in ways which are proportionate to the complexity of the issues; and
- (iv) ensuring an expeditious and fair process.
- (u) Any hearing shall take place in private unless the panel, after considering the views of the Member Concerned, direct otherwise.
- (v) Panels shall, so far as appears to them to be practicable, seek to avoid formality and their proceedings and shall not be bound by any enactment or rule of law relating to the admissibility of evidence in proceedings before courts of law. They shall make such inquiries of persons and witnesses appearing before them as they consider appropriate and shall otherwise conduct their hearing in such manner as they consider most appropriate for the clarification of the issues before them and generally for the just handling of the proceedings.

Part 3: Redundancy procedure

Resolution to effect a reduction in the academic staff by way of redundancy

- (a) This procedure shall apply where the Council have decided that it may be appropriate to effect a reduction in the academic staff of the College as a whole, or of any area of academic work within the College, by way of redundancy.
- (b) Where the Council have so decided, they shall consult such members of the academic staff and such others persons holding office in, or employed by, the College as they consider likely to be affected by a reduction of the sort contemplated. They shall also conduct such further process of consultation as may be required by law or as they may consider appropriate. The Council may specify time limits for response to any consultation that they conduct. After considering the responses received to the consultation, the Council shall either resolve to take no further action; or shall resolve to continue, extend or vary the process of consultation, with such modification (if any) of the terms of consultation as they shall see fit; or shall resolve to effect a reduction in the academic staff by way of redundancy and decide what direction (if any) to give in relation to the extent of the reduction.

Selection for redundancy

- (c) Where the Council have resolved to effect a reduction in the academic staff by way of redundancy, they shall appoint a redundancy committee of one or more persons to select the members of the academic staff for dismissal by reason of redundancy and to give notice of dismissal to those members of the academic staff so selected. The redundancy committee shall act in accordance with any direction of the Council under paragraph (b) above.
- (d) The redundancy committee shall formulate the selection criteria which they propose to employ, and shall notify each member of the academic staff considered for selection of those selection criteria. They shall afford each member of the academic staff considered for selection the

opportunity to make such written or oral representations on his or her own behalf as he or she shall see fit. If, following the receipt of such representations, any change is made to the selection criteria, then any member of the academic staff who might be materially affected by such change shall be afforded a new opportunity to make such representations.

- (e) The redundancy committee shall give notice of dismissal to each member of the academic staff who is selected for dismissal, and shall also inform him or her of the selection criteria finally adopted, of the reasons for his or her dismissal, and of his or her right of appeal under this Part.
- (f) The procedure to be adopted by a redundancy committee shall be determined by the committee themselves as they see fit, subject to the adoption of a just and fair process which complies with the rules and paragraphs (c), (d), and (e) above.

Appeal

- (g) A member of the academic staff who is given notice of dismissal by reason of redundancy may, within fourteen days from the date of that notice, give to the Master notice of appeal to a redundancy appeal panel. The notice of appeal shall state the grounds of appeal.
- (h) The lodging of an appeal shall not affect the operation of the notice of dismissal, but the chairman of the redundancy appeal panel may extend the period of notice if he or she considers it just fair and in all the circumstances that an extension should be granted.
- (i) Where the redundancy appeal panel decide to remit the matter back for further consideration, then
 - (i) they may direct that further consideration should be given by the same redundancy committee, or direct that a differently constituted redundancy committee be selected for that purpose;
 - (ii) they may give such other directions as they see fit, including directions affecting other members of the academic staff, provided that they may confirm, suspend, extend or cancel any notice of dismissal given to such other members, but shall not give notice of dismissal to any member of the academic staff not already under such notice; and
 - (iii) a fresh right of appeal to the redundancy appeal panel shall accrue to any member of staff from notice of dismissal given or confirmed as a result of that further consideration.
- (j) Where the redundancy appeal panel reach a final decision on any appeal, no further right of appeal under College procedures lies against that decision.

Part 4: Disciplinary procedure*Less serious matters: Warnings*

- (a) If it appears to the Master, after receiving a complaint or otherwise, that there are grounds for believing that the conduct or performance of a member of the academic staff ("the Member Concerned") is or has been unsatisfactory, the Master shall inquire into the matter. If the Master concludes after investigation that the Member Concerned is or has been at fault, the Master may issue an oral warning. The Master shall specify the reason for the warning, shall indicate that it constitutes the first stage of the College's disciplinary procedure, and shall advise the person concerned that he or she may appeal against the warning under paragraph (d) below.
- (b) If the Master concludes after investigation that the fault is sufficiently serious to justify it, or if a further offence occurs after an oral warning, the Master may issue a written warning. Such a warning shall specify the reason for the warning, improvements required in the conduct or performance of the Member Concerned, and the period of time within which such improvements are to be made. The Master shall advise the Member Concerned that he or she may appeal against the warning under paragraph (d) below, and shall indicate that, if no satisfactory improvement takes place within the stated time, charges may be instituted before a disciplinary panel.
- (c) The Master shall keep a written record of any oral or written warning issued. Each warning shall specify the period from the date of issue after which, in the absence of further disciplinary matters arising, it will be disregarded for all purposes. The period shall not exceed one year in the case of an oral warning and shall not exceed two years in the case of a written warning.
- (d) The Member Concerned may appeal in writing to the Master against a disciplinary warning within fourteen days of the date of the warning, stating the grounds of appeal. The appeal shall be communicated to the Council, who shall determine it as they shall see fit. If the appeal is allowed, the warning shall be disregarded.

More serious matters: The institution of charges before a disciplinary panel

- (e) If the Master receives a complaint against a member of the academic staff ("the Member Concerned") seeking the institution of a charge or charges ("a Charge") before a disciplinary panel, then the Master shall investigate the matter as he or she shall see fit. If, whether as a result of the investigation of a complaint or otherwise, the Master considers that there are grounds for believing that a Charge should be instituted before a disciplinary panel, then the Master shall write to the Member Concerned inviting his or her comment in writing by specified date. If the Master considers that the College might otherwise suffer significant harm, the Master may suspend the Member Concerned from the performance of his or her duties until the next following meeting of the Council without loss of emolument. As soon as practicable following

receipt of the comments (if any) of the Member Concerned, the Master shall consider the matter in the light of all the available evidence and may dismiss the matter summarily, or issue an oral or written warning, or determine that a Charge should be instituted before a disciplinary panel.

- (f) Where the Master has determined that a Charge should be instituted before a disciplinary panel, then
 - (i) the Master shall report that fact to the next following meeting of the Council, who shall appoint and instruct a suitable person ("the Presenting Officer") to formulate the Charge and to present it, or arrange for its presentation, before a disciplinary panel; and
 - (ii) a disciplinary panel shall be selected to hear and determine the matter.
- (g) On receiving the report of the Master, the Council shall consider whether to suspend the Member Concerned from the performance of his or her duties without loss of emolument. Any such suspension shall be reviewed by the Council at regular intervals, each review taking place within two months of the time of the last decision to suspend or at the next following meeting of the Council after that decision, if later. The Council shall not impose or continue suspension unless they consider that the College might otherwise suffer significant harm.
- (h) The Presenting Officer shall seek to ensure that the case is heard and determined as expeditiously as is reasonably practicable.
- (i) As soon as reasonably practicable after the date of his or her appointment, the Presenting Officer shall send to the Member Concerned and to the panel chairman notice of the Charge together with a copy of the Academic Staff Statute and of the Academic Staff Ordinance.
- (j) The panel chairman, after consultation with the Member Concerned and with the Presenting Officer, shall determine the date and time of the meeting of the disciplinary panel for the purpose of hearing the case, and shall send notice of the date, time and place of the meeting to the Member Concerned, to the Presenting Officer and to the members of the disciplinary panel.
- (k) Not later than seven days before the date set for the hearing, the Presenting Officer shall send to the Member Concerned and to the members of the disciplinary panel a copy of the Charge, together with any documents specified therein; a list of all witnesses that the Presenting Officer proposes to call, with statements containing the evidence they are expected to give; and a copy of any other documents that the Presenting Officer proposes to put in evidence.

Evidence

- (l) Evidence that a person has been convicted of a criminal offence by or before any court of law, or that any court of law has found proved an offence with which he or she was charged, shall, for the purpose of establishing that that person committed the offence or was guilty of

any act or conduct in respect of which he or she was so charged or convicted, be admissible in any proceedings before a disciplinary panel.

The decision of the disciplinary panel

- (m) Where, after hearing, the disciplinary panel find the Charge or any part thereof to be without substance, then they shall dismiss the Charge or that part thereof.
- (n) Where, after a hearing, the disciplinary panel find the Charge or any part thereof to be established, then before deciding what penalty (if any) to impose, they shall give the Member Concerned and the Presenting Officer the opportunity to put forward any matters bearing on the penalty to be imposed unless they are of the view that a sufficient opportunity has already been given in the course of the hearing.
- (o) The disciplinary panel may decide to impose no penalty, or may impose a penalty comprising one or more of the following:
 - (i) an oral or written warning;
 - (ii) suspension without pay for up to three months;
 - (iii) the withholding of future increments in stipend;
 - (iv) reduction in grade in any primary position;
 - (v) removal from any secondary position;
 - (vi) the substitution of a lesser position for any primary position;
 - (vii) deprivation of Fellowship;
 - (viii) dismissal with or without notice;
 - (ix) the award of compensation to any person in respect of any loss caused or damage done; and
 - (x) any penalty considered by the disciplinary panel to be lighter than some penalty comprising one or more of the above.

If the disciplinary panel are of the view that the conduct of the Member Concerned constitutes gross misconduct such as to justify dismissal without notice, they shall so state. If the penalty of dismissal without notice is imposed in the absence of such a statement (or, in the event of an appeal, such a statement by the disciplinary appeal panel), then the College shall pay compensation to the Member Concerned in respect of the absence of proper notice. The disciplinary panel shall not impose the penalty of the substitution of a lesser office or employment for any primary office or employment unless they are of the view that the conduct of the Member Concerned is such as to justify dismissal.

- (p) Where, after a hearing, the disciplinary panel are of the view that the Member Concerned should be dismissed, but that the dismissal is for some other substantial reason than good cause, they shall so state, specifying the reason, in their findings and shall dismiss the Member Concerned accordingly.

Appeal

- (q) The Member Concerned may, within fourteen days from the decision of the disciplinary panel, give to the Master notice of appeal to the disciplinary appeal panel. The notice of appeal shall state the grounds of appeal and whether it is an appeal against the findings of the disciplinary panel, or the penalty imposed, or both.
- (r) The appeal shall then be heard and determined as expeditiously as is reasonably practicable by the disciplinary appeal panel, who may substitute for the decision of the disciplinary panel any decision that that panel might have made. The decision of the disciplinary appeal panel in the matter shall be final.

The addition of parties and the consolidation of matters

- (s) The panel chairman may agree to the addition of any other person as party to a case before a disciplinary panel; provided that the panel chairman shall not so act unless he or she is of the view that the step is desirable in order to ensure a just and fair process. Such other person shall receive from the Presenting Officer the paper specified in paragraph (k) above, and shall have the right to a fair process before the panel.
- (t) The Council may determine that charges against more than one member of the academic staff may be heard concurrently by the same disciplinary panel.

Relationship with removal on health grounds

- (u) If at any stage the panel chairman forms the view that the conduct or capability of the Member Concerned may be attributable, wholly or in part, to a medical condition, then he or she shall
 - (i) if he or she is of the view that such action is necessary to ensure a just and fair process, stay the proceedings of the disciplinary panel and direct the selection of an incapacity panel for proceedings to continue under Part 5 below; or otherwise
 - (ii) if he or she is of the view that the disciplinary panel might be assisted by the appointment of a medically qualified person as Medical Consultant, to ask the Council to make such an appointment; or otherwise
 - (iii) take no action.

A Medical Consultant under (ii) above shall not be a member of the disciplinary panel but shall offer advice and guidance to the panel on medical matters.
- (v) Where proceedings are transferred to an incapacity panel under paragraph (u) above, then, if at any stage the panel chairman forms the view that it would be consistent with a just and fair process to transfer the proceedings to a disciplinary panel, he or she may stay the proceedings of the incapacity panel and either
 - (i) transfer the proceedings back to the initial disciplinary panel; or

- (ii) direct the discharge of the initial disciplinary panel and constitute the incapacity panel as a disciplinary panel for all further proceedings; or
- (iii) direct the discharge of the initial disciplinary panel and the selection of a fresh disciplinary panel, and transfer the proceedings to them.

In the event of a transfer of proceedings, the chairman of the panel to whom the proceedings are transferred shall have authority to rule as relevant and admissible any part of the proceedings that took place before the transfer, provided that he or she is of the view that that course would help to ensure an efficient, just and fair process.

- (w) Where a new panel is selected under paragraph (u) or (v) above, then the chairman of the old panel may continue to act as chairman of the new panel notwithstanding the provisions of Part 2 above.

Part 5: Procedure for assessing incapacity on health grounds

The institution of a case before an incapacity panel

- (a) Where the Council decide that an incapacity panel should be appointed for the consideration of a case of a member of the academic staff ("the Member Concerned") under the Academic Staff Statute, they shall at the same time appoint a suitable person ("the Presenting Officer") to present the case to the panel.
- (b) Any person having authority in law to act on behalf of the Member Concerned shall have power so to act in respect of all proceedings before an incapacity panel or an incapacity appeal panel. Any requirement in relation to the Member Concerned shall be satisfied if it is satisfied in relation to a person having authority to act on behalf of the Member Concerned or a representative appointed by the Member Concerned, whether or not it is also fulfilled in relation to the Member Concerned him or herself.
- (c) As soon as reasonably practicable after appointment, the Presenting Officer shall send to the Member Concerned and to the panel chairman notice of the reason why it is thought that the removal of the Member Concerned by reason of incapacity on health grounds should be considered together with a copy of the Academic Staff Statute and of the Academic Staff Ordinance.
- (d) The Presenting Officer shall seek to ensure that the case is heard and determined as expeditiously as is reasonably practicable.
- (e) The panel chairman, after consultation with the Member Concerned and with the Presenting Officer, shall determine the date and time of a meeting of the incapacity panel for the purpose of a hearing of the case, and shall send notice of the date, time and place of the meeting to the Member Concerned, to the Presenting Officer and to the members of the incapacity panel.
- (f) Not later than seven days before the date set for the hearing, the Presenting Officer shall send to the Member Concerned and to the

members of the incapacity panel a copy of the communication referred to in paragraph (c) above, together with any documents therein specified; a list of all witnesses the Presenting Officer proposes to call, with statements containing the evidence they are expected to give; and a copy of any other documents which the Presenting Officer proposes to put in evidence.

Medical evidence

- (g) The Presenting Officer may seek from the Member Concerned such medical evidence as he or she considers necessary for the purpose of the presentation of the matter to the incapacity panel. Such evidence may include the opinion of a medically qualified person appointed by the College, at College expense, to advise on the health of the Member Concerned. In the event of the Member Concerned declining to provide any or all of the evidence requested, the Presenting Officer may apply to the chairman of the incapacity panel for a direction for the production of medical evidence. The panel chairman will then hear and determine the matter, and may direct the production of such medical evidence (whether or not sought by the Presenting Officer) as the panel chairman shall specify. The Member Concerned may appeal against such a direction to the person at the top of List A, whose decision shall be final.
- (h) If, after a direction to produce medical evidence, the Member Concerned declines to provide any or all of the evidence directed, the incapacity panel and an incapacity appeal panel may draw such inferences as to the health of the Member Concerned as they shall see fit from all the circumstances of the case. In addition, the panel chairman may refer the matter to the Council for the institution of proceedings before a disciplinary panel, but the Council shall only institute such proceedings if they are of the view that the Member Concerned was under an obligation to provide evidence directed by reason of the terms of his or her appointment or by reason of the Statutes and Ordinances.

The decision of the incapacity panel

- (i) Where, after a hearing, the incapacity panel find that the Member Concerned is incapable of performing satisfactorily the duties of his or her position, they may take action which may be of any of the following:
 - (i) suspension on grounds of ill health pending receipt of evidence to the satisfaction of the medically qualified member or members of the panel of fitness to resume work;
 - (ii) suspension on grounds of ill health pending further review by the incapacity panel at a specified date; or
 - (iii) dismissal with or without notice on grounds of ill health.

During any period of suspension on grounds of ill health the Member Concerned shall be paid in accordance with the terms of his or her office or employment. If the panel decide to dismiss without notice on grounds of ill health, the College shall pay

compensation to the Member Concerned in respect of the absence of proper notice.

Appeal

- (j) The Member Concerned may, within fourteen days from the decision of the incapacity panel, give to the Master notice of appeal to the incapacity appeal panel. The notice of appeal shall state the grounds of appeal and whether it is an appeal against the findings of the disciplinary panel (stating which findings are appealed against), or the action taken by them, or both.
- (k) The appeal shall be heard and determined as expeditiously as is reasonably practicable by an incapacity appeal panel, who may substitute for the decision of incapacity panel any decision that that panel might have made. The decision of the incapacity appeal panel in the matter shall be final.

Part 6: Procedure for the renewal of fixed-term appointments

- (a) Any appointment of a member of the academic staff ("the Member Concerned") to a position in the College ("the Position") that is for a fixed term shall be made according to the Code of Practice that defines the matters to be considered in relation to renewal at the end of the fixed term, or the appointee shall be told at the time of appointment that no provision exists for renewal at the end of the fixed term. The Code of Practice is attached to this Ordinance.

Part 7: Procedure for dismissal on other grounds

- (a) If it appears to the Master, after receiving a complaint or otherwise, that there are grounds for believing that a member of the academic staff ("the Member Concerned") should be dismissed for some substantial reason other than redundancy or good cause, then the Master may determine that the matter should be considered by a special dismissals panel.
- (b) Where the Master has so determined, then
 - (i) the Master shall report that fact to the next following meeting of the Council, who shall appoint and instruct a suitable person ("the Presenting Officer") to formulate the matter and to present it, or arrange for its presentation, before a special dismissals panel; and
 - (ii) a special dismissals panel shall be selected to hear and determine the matter.
- (c) The procedure to be followed in relation to a matter before a special dismissals panel (including the procedure for appeal) shall be the same as that in relation to a matter before a disciplinary panel, save that, in substitution for paragraph (o) of that procedure, the conclusion of a special dismissals panel shall be one of the following:
 - (i) to take no action; or

- (ii) to dismiss with or without notice.

If the panel decide to dismiss without notice, the College shall pay compensation to the Member Concerned in respect of the absence of proper notice.

- (d) After hearing the views of the Member Concerned and the Presenting Officer, a special dismissals panel may resolve to constitute themselves as a disciplinary panel, provided that they are satisfied that that course is consistent with a just and fair process, and in particular that the Charge for the disciplinary procedure is clearly specified and is fairly related to the matter before the special dismissals panel.

Part 8: Procedure for removal from a secondary position

- (a) This Part applies where the Master is of the opinion that a member of the academic staff ("the Member Concerned") should be removed from a secondary position before its prescribed or normal termination date, but is not aware of any grounds that would justify proceedings for dismissal from a primary position held by the Member Concerned.
- (b) The Master shall discuss the reasons for that opinion with the Member Concerned. If, after that discussion, the Master remains of the same opinion, then he or she shall ask the Council to constitute a committee (of which the Master shall not be a member) to consider the matter and to report. Before reporting, the committee shall give the Member Concerned a fair opportunity to show why he or she should not be removed from the secondary position before its prescribed or normal termination date.
- (c) The report of the committee shall be communicated to the Member Concerned for comment by a specified date, and shall then be communicated, with the comments (if any) of the Member Concerned, to the Council, whose decision in the matter shall be final.

Part 9: Grievances

- (a) If a member of the academic staff ("the Member Concerned") has a grievance then he or she should seek to resolve it informally through discussion with the appropriate College officer or other authority in the College. If such action does not suffice to resolve the grievance, or if, in the circumstances of the case, it is not reasonable to expect another course to be followed first, the Member Concerned may refer the grievance to the Master.
- (b) When a grievance has been so referred, the Master shall seek to resolve the matter promptly and fairly after discussion with the Member Concerned. The Master may seek the advice of the Council regarding the grievance, and shall do so at the request of the Member Concerned.
- (c) The Master or the Council, as the case may be, shall rule inadmissible any complaint judged

- (i) not to be one concerning a position in the College held by the Member Concerned; or
- (ii) not to be one relating to matters affecting the Member Concerned as an individual or his or her personal dealings or relationships with other staff of the College; or
- (iii) to be one for which express provision is made elsewhere in the Statutes.

In particular if the Master or the Council, as the case may be, are of the view that the complaint should be dealt with in accordance with the disciplinary procedures of the College, of whatever sort and whether or not those procedures should be invoked in relation to the complainant or any other person, they shall rule the grievance inadmissible.

- (d) The Master or the Council, as the case may be, may defer the consideration of a grievance pending the completion of other proceedings under the Statutes, including disciplinary proceedings of whatever sort, relevant to the grievance which are pending or in progress.
- (e) If the Master or the Council, as the case may be, are of the view that a complaint is trivial or vexatious they shall declare it to be so.
- (f) If the Member Concerned remains dissatisfied after consideration of the grievance by the Council under paragraph (b) above, he or she may ask that it be referred to a grievance panel. A grievance panel shall thereupon be appointed, who shall seek to resolve the matter.
- (g) The report of the grievance panel shall be considered by the Council, who shall make a reasoned response to the panel on the recommendations of the report. The panel may, at their discretion, make a further report to the Council recommending the reconsideration by the Council of any matter. The Council's decision on any such further report shall be final. Any reports or response made under this paragraph shall be copied to the Member Concerned.

Part 10: Procedure for the removal of the Master from office

This Part shall apply in place of Parts 3 to 8 in the case of the Master.

- (a) On receipt of a complaint signed by any ten Fellows seeking the removal of the Master from office for good cause (such complaint stating the reasons for such removal), the President shall write to the Master notifying him or her of the complaint and inviting comment in writing. The President shall also without delay summon a meeting of the Council, exclusive of the Master and of the complainant Fellows.
- (b) After considering the complaint and the comments (if any) of the Master, the Council shall dismiss the complaint if they are of the view that it is not supported by sufficient evidence of good cause for removal from office. Otherwise they shall without delay appoint a panel of three persons who are not Fellows and are not employed by the College, one

of whom holds, or has held, judicial office, or is a barrister or solicitor of at least ten years' standing, that person to be chairman of the panel.

- (c) The procedure to be followed in relation to a matter before a panel to consider the removal of a Master (including the procedure for appeal) shall be the same as that in relation to a matter before a disciplinary panel, save that, in substitution for paragraph (o) of that procedure, the conclusion of a panel to consider the removal of a Master shall be one of the following:
 - (i) to take no action; or
 - (ii) to remove the Master from office.
- (d) The Master may, within fourteen days from a decision of the panel to remove him or her from office, give to the President notice of appeal to an appeal panel. The notice of appeal shall state the grounds of appeal. The President shall then without delay summon a meeting of the Council, exclusive of the Master, who shall without delay appoint an appeal panel of three persons who are not Fellows and are not employed by the College, one of whom holds, or has held, judicial office, or is a barrister or solicitor of at least ten years' standing, that person to be chairman of the panel.
- (e) In the event of an appeal, the Master shall be suspended from office and from the emoluments thereof pending the decision of the appeal panel. If the appeal panel reverse the decision of the panel to consider the removal of a Master, then the suspension shall forthwith be lifted and the Master shall be reinstated into the emoluments of his or her office, including any stipend that he or she would have received but for the suspension under this paragraph.

Code of Practice on Renewal of Fellowships (under part 6)

Amended 23 November 2021, 7 February 2023, 4 July 2023

This Code sets out the College's agreed policy on the renewal of Fellowships.

1. Per Statute D.II.4/5: Junior Research Fellowships in Class I, including named Research Fellowships, are elected by Governing Body for one fixed term (which may include one or more periods of intermission), which will not be extended or renewed.
2. Per Statute D.II.3: Senior Research Fellowships in Class I may be renewed as set out there.
3. Per Statutes D.III and E.II: Fellowships in Class II fall into several categories.
 - (a) The Senior Tutor, Bursar, Chaplain, Development Director and Director of Admissions whose primary employment is with the College are elected to a Fellowship coterminous with their College employment.
 - (b) College Lecturers holding a University appointment may be appointed for a fixed initial term of five years [three years until Statute E.II.2 (a) is amended], and may then be reappointed for so long as they hold a University appointment and also fulfil the College's teaching and residence requirements. Reappointment will be by Council, taking account of the report of a review committee appointed by Council and after consideration of the Lecturer's performance.
 - (c) College Lecturers whose primary employment is with the College may be appointed by Council
 - (i) either for one fixed term, not to exceed four years, which will not be extended or renewed except that the Council in wholly exceptional circumstances may extend the term on a one-off basis, provided that the total term does not exceed four years;
 - (ii) or for a fixed initial term of three years, and may then be reappointed either for a further fixed term or to the retirement age. Reappointment will be by the Council, taking account of the report of a review committee appointed by Council and after consideration of the Lecturer's performance.
 - (d) Statute E.II.2 (b) provides for College Lectureships held by Fellows in Class II which may be held for up to six years and may be prolonged for a further period or periods not exceeding six years each. Reappointment will be by special resolution of Governing Body on the recommendation of Council. Council will make their recommendation taking account of the report of a review committee appointed by Council and after consideration of the Lecturer's performance.

- (e) Statute E.II.2 (c) provides for College Lectureships held by persons who are not Fellows of the College. The College does not currently make appointments on this basis.
- 4. Per Statute D.V.4: elections to Fellowships in Class IV may be subject to such conditions as Governing Body specifies. The College's normal practice will be:
 - (a) to elect persons whose primary employment is with the College to a Fellowship coterminous with their College employment, or
 - (b) to elect persons to a fixed term Fellowship. Renewal of such a Fellowship will be subject to Council confirming a teaching requirement or other benefit to the College.
- 5. For the avoidance of doubt, Class V Fellowships have tenure for life.
- 6. Where the outcome of a reappointment review under this Code of Practice is that a fixed-term appointment capable of renewal should be allowed to terminate without renewal, the Fellow shall have a right of appeal. The Fellow may, within fourteen days from the decision of Council to not renew (or to not recommend renewal to Governing Body), give the Master notice of appeal stating the grounds of appeal. The appeal shall then be heard and determined as expeditiously as is reasonably practicable by an appeal panel constituted under section 4 of this Statute, who may over-turn the decision of Council to not renew (or to not recommend renewal to Governing Body). Where the appeal panel over-turns a Council decision to not recommend renewal to Governing Body, it remains for Governing Body to consider the appeal panel recommendation to renew and decide by special resolution whether to re-elect or not, and there is no further right of appeal.
