

UK legislation allows universities to charge higher ('Overseas') tuition fees to students who don't meet the requirements for Home fee status. Please note that fee status is linked to eligibility for government student finance. However, confirmation of a student loan or grant is not, by itself, evidence of Home fee status.

Home fee status depends on a range of factors, including your (and in some cases your parents') nationality, immigration status, residence history and employment circumstances. For further information, see the University's fee status webpages: <https://www.fee-status.admin.cam.ac.uk/>. Independent guidance is also available from UKCISA: <http://www.ukcisa.org.uk/>.
