

### **Summary of school-level GCSE metrics**

All metrics are at school-level, with one row per school. Schools can be identified from the "KS4 School ID", which is the Local Authority Establishment Number (LAESTAB). All metrics were produced by Dr Alexa Horner (Senior Researcher, Cambridge Admissions Office) using 2018/19 KS4 Pupil and Examinations data from the Department for Education's National Pupil Database (received under DR200504.01). *The DfE does not accept responsibility for any inferences or conclusions derived from the DfE Data Extracts by third parties. This work was produced using statistical data from ONS. The use of the ONS statistical data in this work does not imply the endorsement of the ONS in relation to the interpretation or use of the statistical data. This work uses research datasets which may not exactly reproduce National Statistics aggregates.*

Please note that the National Pupil Database only includes data from schools in England.

For enquiries about these published data, please email [CAOresearch@admin.cam.ac.uk](mailto:CAOresearch@admin.cam.ac.uk) with the subject "school-level GCSE metrics".

<b>Metric name</b>	<b>Description</b>
<b>Number of GCSE pupils</b>	The number of GCSE-taking pupils at the school. Subsequent data fields have been deleted where there are less than 30 GCSE-taking pupils.
<b>Sum of best 8 GCSE scores - mean</b>	The mean for the school of the "sum of best 8 GCSE scores" for all GCSE-taking pupils. (For each pupil, their "sum of best 8 GCSE scores" is produced by selecting their best 8 GCSE grades, giving each a point score up to 8, and adding these up; the maximum is therefore 80.)

NOTE: We have listed school names alongside LAESTAB for ease of use to check eligibility

**This data only applies to schools in England.**

**If you cannot find the school you are looking for, this may be because:**

- > it is an independent school**
- > there was no data available**
- > there were fewer than 30 pupils sitting GCSEs in the cohort**
